FLIGHT

Of First Aero Squadron of United States Army Tomorrow

UNDER CONDITIONS OF WARFARE

To Give a Line On Work Expected

OF THIS NEW ACTIVITY

To Each Aeroplane Will Be Attached One Truck As Tender, Carrying Crew, Tools, Spare Parts and Other Necessary Equipment—Squadron Serves With Field Troops.

(ASSOCIATED PRESS TELEGRAM) Fort Sill, Okla., Nov. 17.—Fort Sill bustling with activity today, in preparation for the departure of the first aero squadron of the United States army which tomorrow morning will fly from its temporary home here to its new station at San Antonio, Texas.

The flight originally was to start on Nov. 20, but fine weather and the fact that everything was in readiness at San Antonio, caused a change in plans. Six aeroplanes will make the journey.

The aerial journey will be made under conditions as nearly like those encountered in actual wartime as possible. The distance to be covered is 450 miles. Stops will be made at these points in Texas: Wichita Falls, Bowie, Decatur, Fort Worth, Cleburn, Hillsboro, Waco, Georgetown, Austin and possibly at Granger and Temple.

The flight is intended to give a line on just how many aviators may be expected to work during a war. It is desired to test to the utmost the ability of the fliers to follow a previously designated route over unknown country; it will give an opportunity to try the army transport system under stipulated war conditions, since trucks following the aeroplanes will be forced to make an average of 80 miles a day on land; it will test the power of the motors to stand up under service conditions and the resourcefulness and adaptability of the army flying organization, particularly its supply department.

To each aeroplane will be assigned one truck as tender, carrying the crew, tools, spare parts and other supplies. A newly developed machine shop truck, carrying a lathe and forge, will be along to maintain the squadron on the way. For minor repairs to aeroplanes forced to land through motor trouble, a corps of six motorcycles carrying emergency repair kits, and all capable of great speed, will be depended upon.

The First Aero Squadron, signal corps, U. S. A., is the official designation of the flying unit. The squadron is divided into six flying sections, a transport section, a supply section, an engineer section charged with motor repairs, and a headquarters section. The officers are Captain B. D. Poulos, commanding, and Lieutenants T. D. Milling, C. G. Chapman, J. E. Carberry, T. S. Bowen and I. A. Rader. Captain Poulos is the oldest military flyer in the United States in point of service. With Orville Wright he completed the first cross-country flight.

Anglo-French Council Hold Meeting in Paris Today; Are Shown Distinguished Honors

(ASSOCIATED PRESS TELEGRAM) Paris, Nov. 17.—The first meeting of the joint Anglo-French war council was held here this afternoon. Those taking part were Premier Asquith, A. J. Balfour, First Lord of the Admiralty; David Lloyd George, Minister of munitions; and Sir Edward Grey, secretary of foreign affairs of the British cabinet, while the French participants were, Premier Briand, General Gallieni, minister of war; Admiral Lacaze, minister of marine, and General Joffre, the French commander-in-chief. The trip of Premier Asquith and his colleagues to Paris signifies the inauguration of the meetings of the allied war council of which the premier spoke in the house of commons on November 10. The fact that the premier is accompanied by naval and military advisers is an indication that wider cooperation of the staffs of the two nations also is about to be instituted as was foreshadowed in the premier's speech. The four British ministers on arriving in Paris were met by Premier

CHILD FELL FROM CHAIR, BROKE BOTH BONES IN HIS LEG.

Ernest Thompson, the five-year old son of Mr. and Mrs. Milton W. Thompson, residing north of Hanover, met with a serious accident in an unusual way, on Wednesday morning. He fell from a chair and in falling struck his leg in such a way that both bones in the right leg were broken. The fracture is between the knee and the ankle. Dr. W. L. Evans of Hanover was called and dressed the injury.

SIMPLICITY

MARKED THE FUNERAL SERVICE FOR THE LATE BOOKER T. WASHINGTON

Prominent Men in All Walks of Life White as Well as Negroes in Attendance.

(ASSOCIATED PRESS TELEGRAM) Tuskegee, Ala., Nov. 17.—Simplicity marked the funeral of Booker T. Washington, noted negro educator, race leader and author, which took place here this morning at Tuskegee institute which he made famous and which has taken such an important part in the elevation of the negro race. Fully 3,000 persons came to Tuskegee to pay the last tribute of respect to Dr. Washington, only 2,500 of whom could get into the chapel.

A procession formed in front of the administration building and marched to the chapel. It was headed by the board of trustees and included Wm. G. Wilcox of New York, W. W. Campbell and Charles W. Hare, Tuskegee; A. J. Wilborn, Wm. J. Schieffelin, New York; Belton Gilreath, Birmingham, Ala.; Frank Trumbull, New York; Warren Logan, Tuskegee institute; Victor H. Tulane, Montgomery, Ala.; and William H. Baldwin third, New York.

Members of the faculty, the executive council of the school and a number of distinguished visitors, educators and students followed. The simple Episcopal burial service was read and many old plantation songs which Dr. Washington loved so well were sung. A few of the thousands of telegrams of condolence from all parts of the country were read.

Prominent men from all walks of life, white as well as negroes, attended the service. Burial was in the institute grounds.

WILLIS TELEGRAPHS SYMPATHY OF OHIO.

(ASSOCIATED PRESS TELEGRAM) Columbus, Nov. 17.—"Please convey to the family of Booker Washington the deep sympathy of the people of Ohio, in their hour of sorrow," Governor Willis today telegraphed Dr. W. S. Scarborough, president of Wilberforce University, who is attending the funeral of Washington at Tuskegee, Ala., today. "Solace should be found in the memory of his heroic life so inspiring to men of all races," Booker Washington was a great American. A nation mourns his death.

\$1,000,000 CORPORATION.

(ASSOCIATED PRESS TELEGRAM) Anniston, Ala., Nov. 17.—Formation of a million-dollar corporation to be known as the Anniston Ordnance Manufacturing company and to manufacture war munitions and steel for electrical concerns, was announced here today by officials of the Alabama Power company.

RAILROAD OFFICERS MEET.

(ASSOCIATED PRESS TELEGRAM) Chicago, Nov. 17.—Presidents and vice presidents of practically every railway in the country met here today to enact new rules designed to prevent accidents in hauling high explosives and to stop rear end collisions and other disasters that have resulted when "somebody forgot."

CONFESSES

To Many Postoffice Burglaries to Shield His Sweetheart

WHO HE DECLARES IS INNOCENT

Although Arrested for Having Burglars' Tools

"DON'T CARE FOR MYSELF"

But the Girl is Absolutely Innocent. Young Man is Said to Have Told U. S. District Attorney in a Statement Clearing Up Mysterious Robberies in Two States.

(ASSOCIATED PRESS TELEGRAM) Columbus, Nov. 17.—To shield his sweetheart, who was held on a charge of having burglars' tools in her possession Lee Lester, 26, of Parkersburg, W. Va., has made a confession to United States district attorney Stuart R. Bolin in which he admitted complicity in as many as nine postoffice robberies in Ohio and West Virginia.

Lester and William Robinson were captured by the police and railroad detectives, and postoffice inspectors a week ago and a search of the apartments of Miss Edna Henderson, 26, in North High street, disclosed a full kit of burglar's tools, a quantity of nitro-glycerin, fuses and other explosives.

"I don't care about myself, but the girl is absolutely innocent," Lester is reported to have said to the district attorney.

Lester's confession is said to clear up postoffice robberies at Hartford, W. V., April 7, 1915; Reedsville, Ohio, May 25, 1915; Hardis, Ohio, December, 1914; Ripley, W. Va., November 3, 1915; Oak Hill, W. Va., November 7, 1915, and Postal jobs at Mason City, Nicolette and St. Marys, all in West Virginia, "pulled off" fall and winter of 1914. The Mason City office was robbed twice. The total loot from these crimes was \$2,822 in stamps and \$360 in currency.

BURBANK SAFE BLOWN.

(ASSOCIATED PRESS TELEGRAM) Wooster, O., Nov. 17.—When Postmaster Austin Malcolm opened the postoffice at Burbank, this county, this morning he found the safe had been blown and \$400 in money and stamps stolen during the night.

SERBS HOLDING BABUNA PASS IS REPORTED

(ASSOCIATED PRESS TELEGRAM) London, Nov. 17.—A dispatch from Reuters' correspondent at Athens says that according to information received there from Saloniki, the Serbians are still holding Babuna Pass. The time at which the message from Saloniki to Athens was filed, however, is not given.

Desperate battle continues between the Serbians and Bulgarians in the Tetovo district," the dispatch says.

"Reinforcements are continually arriving on both sides which shows the capital importance attached to this point by both staffs. The Bulgarians are still carrying on the movement intended to turn the Serbian positions at Babuna Pass and reach Perlepe. If the movement succeeds the Serbians will be forced to abandon Babuna, but the operation is considered hazardous for the Bulgarians, in consequence of the lack of practical roads."

"Allied troops are leaving Saloniki daily for the Serbian front."

AMERICAN TO BE RELEASED FROM BRITISH PRISON

(ASSOCIATED PRESS TELEGRAM) New York, Nov. 17.—Friends of Wolfgang G. Triest, a New York contractor, received word from London today that Mr. Triest's son, Kenneth W. Triest, formerly a prisoner student, will be released from the British detention camp at Chatham on Friday and will start for America with his father on Saturday. Young Triest ran away from Princeton and enlisted in the British navy, was arrested as a German spy, and was saved from possible execution through representation by the American state department that he was not responsible for his actions.

ANOTHER RISE IN OIL PRICES

(ASSOCIATED PRESS TELEGRAM) Lima, O., Nov. 17.—Another rise in the price of all grades of crude oil was recorded by the Buckeye Pipe Line company here today. The increase was the same as on Tuesday, five cents, with the exception of Plymouth, which jumped ten cents higher. This leaves the selling prices as follows: North Lima, \$1.23; South Lima, \$1.23; Indiana, \$1.08; Wooster, \$1.40; Illinois, \$1.37; Princeton, \$1.37; Plymouth, \$1.13.

Pancho Villa, the Mexican revolutionary general, doesn't believe in keeping all his wives in a harem. He thinks they might pull each other's hair, as all of them profess to love him very much. So he keeps them widely separated. One of them is now living in Los Angeles, Cal. Her

FRENCH

AGENTS TRY TO PLACE LARGE ORDER FOR 9,000,000 HAND GRENADES.

Only the Shells Are Wanted as They Will be Loaded in France—Little Success.

(ASSOCIATED PRESS TELEGRAM) Pittsburgh, Nov. 17.—Agents of the French government have been trying for several days to place an order here for 9,000,000 hand grenades but it was said by steel men today that they have met with little success. Only the shells were wanted as they were to be loaded in France, but manufacturers who have never made that sort of thing did not care to permit it at this time.

More foreign agents are now in the Pittsburgh district trying to buy steel products than at any other time in the history of the city, including men who are buying materials for Australia and the Union of South Africa.

Shipments to China have been unusually large the past few weeks. This export business is by no means confined to war materials, although munitions are said to constitute a considerable proportion of foreign freight going out of the district.

HOSPITAL SHIP REPORTED SUNK BY MINE TODAY

(ASSOCIATED PRESS TELEGRAM) London, Nov. 17.—4:25 p. m.—The British hospital ship Anglia was sunk by a mine in the English channel today. Three hundred men were saved out of a total of 385.

A. Bonar Law, secretary for the colonies, was asked in the House of Commons today, whether the government had received any information concerning the report of the sinking of the Anglia.

"I am sorry that I have no information which I can communicate to the house," he replied. "If I receive any later in the day, I shall communicate it."

A statement issued by the official press bureau gave the news of the disaster. It is said that of the thirteen officers and 372 men on board the Anglia 300 had been saved.

The Anglia was a merchantman which was taken over by the British admiralty after the war began and refitted as a hospital ship. She was commissioned in August of last year.

There are four British steamships named Anglia. The one converted into a hospital ship probably is the former London and Northwestern Railway company steamer of 1,862 gross. She is 229 feet long and was built at Dumbarton. The other three steamships are small vessels. At the time she was commissioned the Anglia was in charge of Commander Oscar V. DeSatzge, retired.

DEATH OF PIANO TEACHER.

Dresden, Nov. 17.—Via London—Theodore Leschetitzky, the famous teacher of the piano, is dead at the age of 85. He lived for many years at Vienna, but more recently at a village near Dresden. He was the principal master of Paderewski.

STRIKE

OF TWENTY-FIVE CARRIERS AND CLERKS AT FAIRMONT, W. VA., POSTOFFICE.

Postmaster Found on His Desk the Keys and Formal Notice of Employees' Action.

(ASSOCIATED PRESS TELEGRAM) Fairmont, W. Va., Nov. 17.—Twenty-five clerks and carriers in the postoffice here, practically the entire force, struck this morning as a protest, it was said, against the discharge of W. H. Brand, assistant postmaster, and three other employees. About twenty employees were still left in the office, but as they were largely carriers of the rural free delivery, the handling of the mails for Fairmont was seriously hampered.

The strike was reported to the postoffice department at Washington by Postmaster Charles H. Manley, who found on his desk, when he entered his office today, a large piece of cardboard on which was written: "Your clerks and carriers have quit. Here are your keys."

Brand, who has been connected with the postoffice for seventeen years was recently dismissed on the charge that he had given assistance to applicants in civil service examinations and other charges against Perry Burton, George Cochran and James Hall resulted in their dismissal a few days later. Postmaster Manley is a Democrat while the majority of the striking clerks and carriers are Republicans.

Postmaster Manley was compelled to close the office and bring the postal service of the city to a standstill when he discovered he could not open the safe.

It was stated that every striking employee had last night sent his resignation by mail to the department in Washington.

BELIEVES GREECE IS PREPARING TO ATTACK ALLIES

(ASSOCIATED PRESS TELEGRAM) Petrograd, Via London, Nov. 17.—Analyzing the conduct of King Constantine of Greece, the Novoe Vremya arrives at the conclusion that his "friendly neutrality" is nothing more than open preparation for a future attack on the allied forces landed at Saloniki.

The war correspondent of the Novoe Vremya warns the Russian people against jubilation over recent successes on the eastern front and says they still are confronted by a strong enemy whose superb technical equipment is far from being crushed.

"The enemy assigns a maxim gun to every ten men," the correspondent says and his artillery is abundantly supplied with ammunition.

B. & O. DENIES EXCESSIVE RATE

(ASSOCIATED PRESS TELEGRAM) Columbus, Nov. 17.—The Baltimore and Ohio Railroad is the first company to the answer with the public utilities commission to the complaint of the Pittsburgh Vein Operators association that coal rates on intra-state shipments are excessive. Its answer was received by the commission today. It denies that the rates are excessive.

ANOTHER

APPEAL FOR MURDERER IN UTAH MADE BY PRESIDENT WILSON

When He Urges Governor Spry to Reconsider Case of Swedish Citizen Sentenced to Die.

(ASSOCIATED PRESS TELEGRAM) Washington, Nov. 17.—President Wilson today urged Governor Spry, of Utah, to reconsider the case of Joseph Hillstrom, a Swedish citizen, sentenced to death next Friday for murder. The president sent to Gov. Spry the following telegram: "With unaffected hesitation but with a very earnest conviction of the importance of the case, I again venture to urge upon your excellency, the justice and advisability of a thorough reconsideration of the case of Joseph Hillstrom."

Hillstrom is an I. W. W. worker in whose behalf the President appealed to Gov. Spry at the request of the Swedish minister several weeks ago on the ground that Hillstrom had not had a fair trial. The prisoner was respited but eventually sentenced. A few days ago Mrs. J. S. Cram and Elizabeth Gurley Flynn of New York, again urged the president to ask Gov. Spry to intervene. The American Federation of Labor in convention at San Francisco, also asked clemency for Hillstrom.

COTTON WAREHOUSE FIRE.

(ASSOCIATED PRESS TELEGRAM) Providence, R. I., Nov. 17.—One thousand bales of cotton in the East Providence warehouse of the River Spinning company, were destroyed by fire early today. The company, it was stated, had contracted to supply the allies with a specially prepared product, to be used in the preparation of gun cotton.

Balkan Expedition Now Is Reaching Critical Stage, Says French Correspondent

(ASSOCIATED PRESS TELEGRAM) Paris, Nov. 17.—"Our expedition in the Balkans is reaching a critical stage," telegraphs the correspondent at Saloniki, Greece, of the Journal, under date of Sunday. He adds:

"Notwithstanding appeals by competent personalities, our reinforcements are not anything like the number required. Our enemies have decided to nip in the bud at any cost our offensive in the east and are prepared to resort to any means to obtain the necessary assistance. I hope this formula is well understood."

"Serbian resistance is weakening daily. The defenders of Babuna Pass will soon be surrounded and the road of Filipe and Monastir will then be thrown wide open to the Bulgarians."

"The hosts of Austro-Germans hurrying southward are sending detachments ahead by forced marches on all available routes. 'Do not expect to find a second Belgium. Greece will not hesitate to permit passage by the enemy through her territory as she now permits ours. We must defend ourselves alone and unaided against the triple attack of the Germans, Bulgarians and Turks. The enemy's plan is being carried out and may be realized rapidly. The German fleet of submarines in the Mediterranean has just been quintupled. 'I advance nothing whereof I am not absolutely sure. We must be prepared for any news, even the most unexpected and even that which seems the cruelest. We must have reinforcements in large numbers at once or embark while there is yet time.'"

FATE

Of Serbian Army May Be Only a Matter of a Few Hours

IN A MOST PERILOUS POSITION

Consular Officials Have Left City of Monastir

GREECE SEEKS SOLUTION

Of the Diplomatic Problem That Would Arise if Entente Troops Took Refuge On Grecian Territory and Allies Hope Her Decision Will Be Favorable to Them.

London, Nov. 17.—The fate of the Serbian army may be only a matter of hours. Monastir, in southwest Serbia, is reported to be in such a perilous position that the consular officials have departed from the city. From the various conflicting reports which have reached the public the following apparently may be deduced as facts:

The Bulgarians have taken Krusevo and are six miles west of Perlepe. Thus the southern Serbian army and its Franco-British allies are confronted with the imminent peril of an outflanking movement.

Tetovo is in the hands of the Bulgarians. The fate of the Serbians holding Babuna Pass is more obscure. One report states that the pass has been forced. It seems certain that the defenders are at least threatened so seriously that their position soon may be untenable.

With Krusevo and Babuna in the hands of the invaders, the fate of Perlepe would be sealed, and the road to Monastir opened.

While the military situation grows darker from the standpoint of the entente allies, the diplomatic phase of their near eastern venture is somewhat more favorable. Austria is giving some indication that she is seeking a solution of the problem which would be presented if entente troops should take refuge on Grecian territory. It is clear that the entente powers are bringing considerable pressure to bear on Greece, not the least of which is England's detention in home ports of a fleet of Greek merchantmen. Greek shipping is making enormous profits out of the war and even a temporary check of its activities would mean a great loss.

Along the eastern front interest centers on the attempted re-crossing of the Sty, where the Austrians and Germans claim an important success. Petrograd reports merely admit Austro-German occupation of the village of Podgacze, about five miles from the river, and a slight advance east of that place. It is asserted the advantage gained by the Teutonic forces in this region is due to the arrival of reinforcements from other sections of the eastern front and heavy artillery brought up by railroad. From the conflicting reports it may be seen that the east bank of the Sty is held by the Russians, while the battle for the crossings is still undecided.

Reports from the western front indicate that military activities there are limited to rather general artillery exchanges.

MEXICAN WAR VETERAN DEAD.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"PAPE'S DIAPEPSIN" IS THE
QUICKEST AND SUREST
STOMACH RELIEF.

If what you just ate is souring on your stomach, to lie like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin. Then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes.

"Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

AUTOMOBILE CLASS STARTED AT Y. M. C. A.

The automobile class which was advertised to begin at the Y. M. C. A. last night met according to schedule. Six men were in attendance. Several who had signed up for the class were not able to be present on account of conflicting engagements. The educational room on the third floor has been suitably equipped and parts of the automobile are provided for the use of the class. The class will meet again next Tuesday evening. All those who have already enrolled and those who wish to take the course should be present at this meeting.

LINEHAN BROS.

FORMER SENATOR FROM MICHIGAN DEAD

Julius C. Burrows.

Kalamazoo, Mich., Nov. 6.—Former United States Senator Julius Caesar Burrows died at his home here last night from an attack of heart failure. Senator Burrows, who had just passed his seventy-eighth birthday, had been in failing health for several weeks, but had not been seriously ill.

Mr. Burrows was born in 1837, and served as an officer in the Union army in the civil war. He served his home county as prosecuting attorney. He was first elected to Congress from the Fourth Congressional District of Michigan in 1872 and served continuously in that body with the exception of the Forty-eighth Congress, until 1894, when he was elected to the senate to succeed Frank B. Stockbridge, also of Kalamazoo. He remained in the senate 17 years, retiring in 1911, when he was defeated by Senator Charles E. Townsend of Jackson. In 1908 he was chairman of the Republican national convention at Chicago. He is survived by a widow and daughter. He was an eloquent speaker.

SALARIES

OF PROVISIONAL APPOINTEES ORDERED PAID BY COURT OF APPEALS.

State Auditor Donahay Had Declined to Issue Warrants and Suit was Instituted.

[ASSOCIATED PRESS TELEGRAM]

Columbus, Nov. 17.—State Auditor Donahay was ordered to pay the salaries of new provisionally appointed state employees by the Franklin county court of appeals in a decision handed down today.

The pay of about 300 employees, largely in the department of the industrial commission is affected by the court's action. The auditor had declined to issue warrants for their salaries pending the supreme court's determination of the constitutionality of the new civil service law. He held they had been appointed under the law and that if it should be held unconstitutional, the state might be liable to pay the salaries of employees who were dismissed and whose places the provisional employees filled.

Incidentally the court of appeals sustained the validity of the new civil service law, although the court previously had indicated this attitude in the case of Ritzman vs. Campbell now pending before the supreme court.

The decision was given in the suit of Harry W. Putnam, employee of the industrial commission against Auditor Donahay. The mandamus order asked by Putnam was issued, but the court allowed a stay of execution for fifteen days to allow the auditor to appeal to the supreme court. Judges Fernando, Kunkle and Allread concurred in the decision.

The court also affirmed the right of a state official to appear in his own defense in any case, despite the law which makes the attorney general the legal defender of all state officials.

Donahay immediately announced he will appeal the case to the supreme court.

FLIGHT

(Continued from Page 1.) made by a military aeroplane. This was made at Fort Myer, Va., in 1908.

As the First Army Squadron is for service with field troops, it must be separated from the Army Aviation School at San Diego, Cal., where opportunities for the preliminary training of aviators are excellent, but where no large bodies of troops are available for reconnaissance work, observation of artillery fire, and many other important duties demanded of the military flyer today.

AS WE GROW OLDER

our minds are quite as active as in former years but our strength does not respond when we need it most; perhaps the kidneys are weak, the liver torpid, rheumatic pains or stiffened joints beset us, and we cannot easily throw off the colds that winter brings.

What we need is the rich cod liver oil in Scott's Emulsion to renew the blood and carry strength to every organ of the body, while its glycerine soothes the respiratory tract, and its hypophosphites strengthen the excitable nerves.

Scott's Emulsion is a scientific food, of unusual benefit to those past fifty years—particularly during the colder seasons, it imparts warmth and creates strength. One bottle will prove its worth. No alcohol or harmful drugs. Scott & Bowne, Bloomfield, N. J. 15-3

HERRICK NAMED ON COMMISSION ON RURAL CREDIT

[ASSOCIATED PRESS TELEGRAM]

Columbus, O., Nov. 17.—Governor Willis today appointed a commission to investigate the question of rural credits in Ohio, and report to the legislature. It is headed by Myron T. Herrick of Cleveland, a recognized authority on that subject.

Other members are L. J. Tabor, Barnesville, president of the Ohio State Grange; O. N. Sims, Hillsboro, president of the Ohio Bankers' association and an attorney.

Members of the rural credits commission will serve without pay. They will have time until the next legislative session in January, 1917, to make investigations of existing conditions and laws relating to rural credits and prepare their recommendations for new legislation.

The commission also is empowered to suggest to the governor changes which could be made in banking and financial methods to give greater credit privileges to farmers who want long time loans for the purchase of land.

The commission was appointed under a joint resolution adopted by both houses of the legislature last May.

Either Mr. Tabor or Mr. Sims will be appointed secretary by the commission.

MONTHLY REPORT PUBLIC LIBRARY SUBMITTED TODAY

The report of the Newark Public Library, from Oct. 15th, 1915 to Nov. 15th, 1915 is herewith submitted:

Cash on hand, Oct. 18, 1915, \$3.11; received from times and reserves, \$17.15; Total receipts, \$20.26.

Highest daily circulation, 149; Lowest daily circulation, 123; Average daily circulation, 213; Average daily readers, 50.

New patrons for the month, 307—268 since re-registration began. Nov. 1, 1915.

Money earned by "Pay book," \$25.55.

Number of new books added to the library in the month 12; 8 were gifts, 3 purchased by library association and 31 with "Pay book" fund.

Gifts to the library—Mr. Shide, \$1.00; Miss Penna, \$1.00; R. R. Riley, 25c; a friend, \$3.00 for subscription to a magazine; books and magazines, Frederick Woodbridge, Willie Barnes, Harry Burkam, A. L. Norton, Woman's Music Club, Mrs. Frank Webb, Mrs. W. D. Fulton, E. S. Steele, Miss Robbins and W. D. Gilbert. We are again indebted to Wilson Hawkins, superintendent of schools, for the money to carry on the story-hour. This is the third year Mr. Hawkins has provided for and made possible for us to have the story-hour for the children, on each Saturday morning from November until May.

Saturday 112 children listened to the stories. The work along this line is most gratifying and we feel that early in life we are training the children to become visitors of the library and readers of good books.

AM. BOTTLE CO. DIRECTORS HELD ANNUAL MEETING

Rowe & Curran, proprietors of the Hotel Warden, yesterday served a luncheon of elegant appointments to the directors of the American Bottle Company at their plant in North Newark, twenty-five guests being present among whom were M. E. H. Everett and Adolph Busch, Jr., of St. Louis, member of the famous Annhauser-Busch interests in that city. Messrs. Everett and Busch are also extensively interested in gas and oil developments in the South. The directors' meeting at the American Bottle Company plant is an annual affair and propositions relating to the big works are discussed.

Salesman (explaining all about puttees to a young man who has just got a commission)—You'll find it best to wind them up every night directly you take them off. Young Man (formerly in the watch business)—Er, I see; but haven't you any eight-day ones?—London Opinion.

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary fluid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

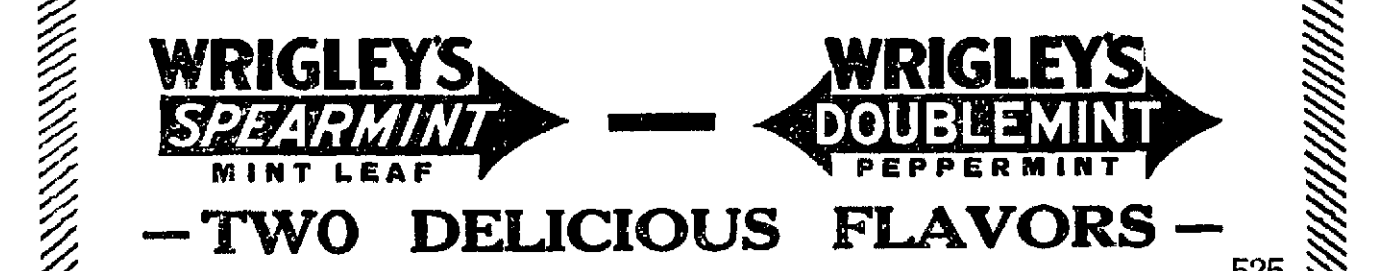

Steady!

Whatever our toil—indoors or out—on big jobs or little: we need patience, tranquil nerves, strength of body and presence of mind.

We need keen appetites and good digestions. We need to keep mouth and throat moist and refreshed, the teeth clean and breath sweet. In other words, we need WRIGLEY'S!

For there's where this wholesome, flavor-lasting, impurity-proof refreshment is worth its weight in gold. Yet it costs but a mite.

Write for free copy of "WRIGLEY'S MOTHER GOOSE," handsomely lithographed in colors. Address Wm. Wrigley Jr. Co., 1223 Kesner Building, Chicago

SIXTH STREET PAVING BEING PUSHED RAPIDLY

The paving of Sixth street from Granville to Main is being pushed as rapidly as is consistent with good results and Contractor M. T. Keeley is making every effort to get the entire job done before the work is stopped for the winter. The work was delayed a short time by Sunday's rain but it is being pushed along rapidly now.

Residents of Sixth street are glad the work is being done but they wish some method could be employed to relieve them of the nuisance of the heavy clouds of smoke coming from the mixing machines, and other devices necessary in this class of work. The heavy atmosphere Monday and Tuesday prevented the smoke from rising above the trees and a wind carried it into the houses, causing much annoyance.

Minstrel and Charity Workers Appointed at Meeting of Elk Lodge

The city's worthy poor will be remembered on Christmas Day by the local lodge of Elks. It will be remembered that last year several hundred baskets of provisions and clothing were given to worthy families and this will be repeated by the members of the antlered herd.

At a largely attended meeting last night it was decided to give the annual Elk minstrel shortly after the holidays and a committee was appointed for the purpose by Exalted Ruler James R. Cooper, who gave them instructions to spare no expense in making this season's minstrel the best that has ever been produced in the city. Messrs. H. D. Hale, Homer "Rube" Jones and Rollin "Hoppy" Baird will have charge of the production, and considering the fact that all have had previous experience, an excellent production is anticipated.

For the charity committee Exalted Ruler Cooper named Joseph Shrier, Clem Cole, William Maholin, John Miller, John Mayboid, John Braddock, Frank Neighbor and Dr. J. T. Lewis. This committee will begin work at once and the result will be that many families will be made happy at Christmas time, as a plan similar to that of last year will be followed in the distribution of well filled baskets. Each member of the committee will be assigned a certain line of work and a certain district which he will visit to secure names of worthy and deserving people that they may not be overlooked and presented with a little Christmas cheer. Last season about \$1,400 worth of provisions and clothing were distributed and an effort will be made to exceed that amount this year.

Announcement was made that an "Old Timers" night will be held Tuesday, Dec. 7. It is desired that every Elk in the county be present on that occasion. There will be an initiation and a special program of music and vaudeville stunts. A splendid orchestra will furnish music at a banquet following the initiation and a program of popular songs will be sang by professional cabaret entertainers. "Old Timers" night will be featured and will be one evening of jolly that will be long remembered by all present.

At the conclusion of the business session the members were invited into the club room quarters where Stewards Col. Billy Hohl and brother Johnny had an appetizing luncheon arranged. It consisted of many good things prepared by Col. Hohl, whose reputation as a caterer has been established for many years.

Fragrant Habanas were passed around in honor of William Rider Gard, who arrived at the home of Papa William Gard, treasurer of the lodge, early yesterday morning. His application was also presented and laid away for action at a future date.

The minstrel committee met after the adjournment of the business session and secured the promise of Exalted Ruler Cooper to act as secretary. As Exalted Ruler he was a member of the committee, ex-officio but as secretary will act with the committee in all its business arrangements.

After enjoying a couple of social hours in the club rooms Auld Lang Syne was rendered and those present all promised to turn out in full force for "Old Timers" night.

WILL HAVE CHARGE OF THE ELK MINSTREL

First Thought Nerv-Worth
a Joke—Now She Says
"Come and See Me
About It."

This resident of 211 Buena Vista has just written to Druggist T. J. Evans one of the most interesting and convincing bits of Nerv-Worth praise he has yet received. Read it:

"When I first tried Nerv-Worth I thought it a joke, and had no faith whatever in it, but much to my surprise I am feeling fine. My nervous trouble was loss of sleep at night and I had falling spells—would drop right down on the floor.

"My appetite is much better and improving right along and am stronger in all ways. Can get about the house much better than I have for years. Am 72 years old and can heartily recommend Nerv-Worth to aged persons. I invite you to call and see me.

(signed) "Mrs. E. A. Irwin."

Reader of these Nerv-Worth endorsements have you noted how many of them come from the old folks? If so, you must be ready to believe the Nerv-Worth claim—that it is as good as an upbuilder of the aged. Sold at the Evans drug store. Guaranteed.

31 MINERS KILLED IN EXPLOSION

(ASSOCIATED PRESS TELEGRAM)
Seattle, Wash., Nov. 17.—There has been no cessation throughout the day of attempts to reach the interior of the mine where the explosion occurred.

Rescue parties which labored in ninety minute shifts all night, worked all day endeavoring to recover the bodies of 25 men buried under tons of debris in the third level of the Northwestern Improvement company's coal mine at Ravens Dale, 35 miles south-west of here. An explosion in the mine yesterday killed 31 men and injured three others.

The bodies of six, including foreman P. J. Kane were recovered last night and the rescuers have hopes of reaching two more within a few hours but the others are so far back in the wreckage-choked level, 100 feet underground, that it is feared it will take many hours to reach them.

Reports circulated last night that fire in the mine was delaying the rescuers later were declared to be untrue.

The cause of the explosion still is undetermined although it is believed that coal dust was ignited by a "wild" shot.

The force of the explosion tore down timbers and supports all through the mine and the rescuers were compelled to build new supports as they cleared away the wreckage.

Expert rescue teams from the United States bureau of mines station in Seattle and from coal camps on both slopes of the Cascade mountains were ushered to Ravens Dale to assist in the work.

Approximately \$124,000, it is said will be paid from the state industrial insurance fund to the families of the miners who lost their lives in the disaster yesterday. The law gives \$4,000 for each man, provided he is married, and a lesser amount for single men. Only seven of the 31 who lost their lives were single.

SHERIFF'S SALE ORIENTAL RUGS AT GOOD PRICES

The three Oriental rugs which have been advertised at sheriff's sale for the last several weeks, were sold this afternoon by Sheriff Chas. H. Swank at the south door of the court house to the highest bidder. All three were purchased by Attorney W. D. Fulton, the one appraised at \$1175 bringing \$260, the one appraised at \$400 bringing \$173, and the one appraised at \$200 bringing \$135. There were quite a few bidders and Mr. Fulton is said to have secured several rare bargains.

Fine for Croup— Stops Coughing and Strangling

Dosing the stomach for Colds and Croup is wrong.

Many mothers are now using simple, sensible NOSTRIOLA and nothing else to keep the children free from Colds.

When your child is croupy, system full of cold, nose stopped up and is cross, feverish and fretful, try this: Apply NOSTRIOLA BALM freely over back, chest and shoulders, and take in before a hot fire. Also apply a little NOSTRIOLA to nostrils, on the soles of feet and have child swallow a small piece.

NOSTRIOLA is absolutely harmless (formula printed on every package) and it is fine for grown-ups as well as for the children.

Get a small tube of NOSTRIOLA of your druggist today and you'll say it is the best investment you ever made.

Obituary

Mrs. Worthington L. Slater.
Mrs. Worthington L. Slater after nearly a year's illness of heart trouble and paralysis, died Sunday at her late home near Millersport, aged 58 years.

Mary Dye, oldest daughter of Margaret and Joseph S. Dye, was born near Dyesville, Meigs county, Ohio, on March 1, 1856, and died Nov. 14, 1915.

On Jan. 7, 1881, she was united in marriage to Worthington L. Slater. This union was blessed with three children, one daughter Electa, now Mrs. Athey Chase, and two sons Wesley R. and Charles W. They spent the early part of their married life in southern Indiana, later returning to Ohio and in September, 1904, moved to Licking county. Here she has made a host of friends and will be greatly missed.

In the year of 1888 under the pastorate of Rev. Mr. Scott, she, with her husband, united with the Methodist Protestant church at Dyesville, which church still holds her membership. After coming to Licking county not finding a church of her denomination near, she has worked faithfully with other Christian people.

To know Mrs. Slater was to love her. She was a woman of sterling character, a devoted wife, a noble mother and a true friend.

Besides a host of relatives and friends, Mrs. Slater leaves to mourn her death, a devoted husband, three children and six grand children; one sister, Mrs. Eli Vale and an aged mother, Mrs. Margaret Dye, both of Dyesville.

The funeral was held at the home Monday afternoon. The services were conducted by Rev. Mr. White of Hebron and Rev. Mr. Ruffner of Millersport. She was laid to rest in the Kirkersville cemetery.

Mr. Crawford's Funeral.

The funeral of Col. George Crawford, who died Monday, was held this afternoon at his late home in Sharon Valley. The services were largely attended, a number of relatives from Coshocton county being present. Burial was made at Cedar Hill cemetery.

ASK RECEIVER FOR CORNELL CLOTHING CO

Attorney W. D. Fulton, as attorney for the Inter-State Box Co., today filed a petition in common pleas court against Max M. Sachs and A. H. Wiseman, a partnership doing business as the Cornell Clothing Co., asking that the property of the defendant be sequestered and a receiver be appointed to sell and distribute the proceeds thereof according to equity among the bona fide creditors of the defendant.

The petition alleges that on August 15, 1915, the plaintiff recovered a judgment before Justice F. S. Scott for \$28.50, and that the same has not been paid; it is further alleged that the defendants are insolvent, or in danger of insolvency; and in February, 1915, in order to defraud plaintiff and other creditors defendant made a pretended sale of said stock of goods in violation of the statutes.

VILLA COLUMNS ARE RETREATING

(ASSOCIATED PRESS TELEGRAM)
Washington, Nov. 17.—The forces of Carranza in northern Mexico, today's war department dispatches show, have their campaign against the retreating Villa columns in full swing. Villa himself was reported near Masatlana, General Cardenas with 2,000 troops has left Naco to begin the engagement with Villa. General Obregon, the Carranza commander-in-chief, is expected to depart today with several thousand reinforcements.

PRESIDENT'S TELEGRAM NOT RECEIVED AT NOON

(ASSOCIATED PRESS TELEGRAM)
Salt Lake City, Utah, Nov. 17.—President Wilson's telegram, requesting a reconsideration of case of Joseph Hillstrom had not been received by Gov. Spry at 11 o'clock this morning, and his information regarding the matter Press. The governor would make no comment regarding his attitude in advance of receipt of the message. The president's intervention in the case caused much comment here. Hillstrom's execution has been deferred fifty days as a result of the president's first request and it is said no new reasons for clemency have been presented by Hillstrom's advocates. The case, it is said cannot be taken into court again as Hillstrom has exhausted all his legal rights.

LOCAL DRUGGIST AWARDED RICHEST PRIZE OF THE YEAR

FRANK D. HALL DRUG STORE
MADE EXCLUSIVE AGENT
FOR TANLAC.

Demonstration To Be Held in Newark, Beginning Next Saturday Morning.

Tanlac, the celebrated medicine that is accomplishing such remarkable results in the larger cities of the country, will be distributed in Newark through the Frank D. Hall drug store.

This announcement was made last night by John B. Gaines, personal representative of L. T. Cooper, the renowned Tanlac Man and exponent of modern health precautions, who was sent here to investigate local conditions with a view of introducing the premier preparation and thereby proving Dr. Cooper's faith theories.

Mr. Gaines, when seen last night, after stating that Mr. Cooper would contribute very substantially to local charity this winter and probably the orphans especially, talked freely and frankly of the results of Tanlac's use. He said in behalf of Mr. Cooper: "Probably the most prevalent and distressing condition is chronic catarrh of the mucous membranes. Catarrh of the stomach and kidneys is the most frequent cause of dyspepsia and Bright's disease. Frequently the lungs become diseased by the extension of the catarrhal inflammation by the way of the bronchial tubes to the lung substance.

"The mental and physical state of chronic catarrh sufferers is most unfortunate, and it is surprising to know what an immense number of people in such cities as Newark are suffering with catarrh when they think something else is wrong with them."

Mr. Gaines, continuing on behalf of Mr. Cooper, enumerated the symptoms of catarrh, such as offensive breath, constant sniffing, discharge from the nose, droppings in the throat, frequent sneezing, watery eyes, headaches, full head, pains in pit of stomach, side or kidney region, depression of spirits, nervousness, unsound digestion, lost appetite, sleeplessness and susceptibility to coughs and colds.

He said, beginning Saturday morning, one or more of Mr. Cooper's representatives will be at F. D. Hall drug store, where it would be proved to the people of Newark that Tanlac will combat this condition the same as it has among the thousands in the larger cities.—(Adv.)

music which a military band is capable of interpreting with artistic effect.

Under the direction of Lieut. Wm. H. Santelmann, the Marine Band's programs are as varied as music itself. Everything is played from marches to overtures, from ragtime to symphonies. Director Santelmann, during his concert here, will have fifty skilled musicians who will respond to every wave of his baton, and the masterpieces of the great composers will be interpreted with a verve and flair of which no other band would be capable. Alhambra, Friday and Saturday.
The show used by Geraldine Farrar, the international prima donna in the photodramatic production of "Carmen" which will be the attraction at the Alhambra on Nov. 19 and 20, is more than one hundred years old. It was an heirloom of an old Spanish family, who, through poverty, were forced to sell it. Miss Farrar picked it up in an antique shop in Madrid during her last engagement at the Spanish capital.

In answer to many inquiries the Jesse L. Lasky company wish it understood that the wine bottle broken over Geraldine Farrar's head during the fight scenes in the photodramatic version of her famous opera "Carmen" is not a "prop" but a real bottle.

The question is asked as to what the baseball players are doing now? Don't know, but it may safely be assumed that they are called on more frequently to write their autographs than congressmen and cabinet ministers are.

Advertising as a Time-Saver

Probably one great reason why advertising is so extremely influential is that it is such a time saver. If a person has a certain article to buy, he could of course go around to every store in the place and see what every merchant had to offer. This would take an interminable time, the loss of which would be far more than any result to be gained. Also one would be so tired by the experience, that, as the old proverb goes, "he might walk all through the woods and pick up a turned stick at last."

Congress. County superintendents of education have spoken in warm terms of the movable schools which Dr. Washington conducted with this money. The placing of graduates of the school as farmers upon a tract of land presented by a trustee is meeting with success, and the railroad company has built a station and installed a graduate as a ticket and freight agent. Altogether the outlook for the institute is most encouraging, and the principal's wish that the money for needs and extensions can be raised no doubt will meet with favorable response from friends of the movement.

A Fleet Built by a Caesar.

(New York Evening Post.)
If Mr. Augustus P. Gardner were Caesar he knows pretty well what he would do about building up an adequate navy. He outlines his theories in the North American Review. Mr. Gardner imagines himself clad with the purple and absolute power in contrast to the actual conditions under which naval development must proceed, namely, minute regulation by Congress which Mr. Gardner good-humoredly recognizes as inevitable. Assuming, however, that he is Caesar, one of the things Mr. Gardner would do is to build a lot of battle cruisers. "I believe," he says, "that battle cruisers equipped with adequate crews are of the utmost importance for us to have, and they should be provided at the earliest possible date." But only nine pages away from Mr. Gardner, in the same number of The North American Review, the future of the battleship is discussed by Admiral C. F. Goodrich, and Admiral Goodrich is lukewarm about battle cruisers. Speed he argues, is after all, useful only in avoiding battle, and when you have avoided a fight you have yielded control of the sea to your opponent, which is what a fleet strives for. For the present it is not important who is right about fast battleships, Mr. Gardner or Admiral Goodrich. The point is that Admiral Goodrich is not a backwoods Congressman from Montana, and that even if Mr. Gardner were Caesar he would have to take differences of opinion into account. For that matter, there is at present lying idle in the harbor or Kiel a fleet built by a Caesar.

Opportune Accidents.

(Lowell Courier-Citizen.)
The fire in the Bethlehem Steel plant is ascribed to "an electric spark falling into a pool of oil," and one is asked to believe that this fully eliminates the possibility that any insidious Teutonic influence had a hand in the conflagration. Very possibly it is true that there was none. Nevertheless the fact that this big fire occurred so opportunely in one of the most notoriously profitable of the munition shops will arouse in many minds the suspicion that it is merely one more of those instances in which "accidents" have been super-induced by the espionage system, for which Germany has acquired such an exaggerated reputation before the indictment of the Fay conspirators, and, of course, there is more now. The hot talk of some of the more injudicious of our hyperactive citizens has made sinister ascriptions of cause only too easy in event of fires or explosions opportunely cripple American munition factories. One of these days a perpetrator may be caught—and when he is, watch out! There is liable to be something doing of the more dramatic kind on the part of citizens goaded into anger by this underhanded kind of long-distance war-making.

Rippling Rhymes

The Great Blessing.
We have much reason to be grateful, since there's no warfare, grim and hateful, within this smiling country's borders; we slay not at some marshall's orders. In Europe men are now preparing for months of freezing and despairing; they'll spend the winter in the trenches, while foes, with guns and monkey wrenches, make daily efforts to dislodge them, and they'll be too blamed cold to dodge them. Oh, when you're seated in your rocker, with trusty pipe and shilling shocker, with peace and comfort all around you, and not a peril to confound you, think how your trans-Atlantic cousins are being shot up by the dozens. There are no comforts in the trenches, no rocking chairs or padded benches; there are no sprightly evening papers, to tell the latest football capers. The men must stand in muddy water, and wield the musket and the swatter, and shiver in the biting blizzard, which freezes them from nose to gizzard. Oh, think of that while you are rocking before the fire, and blithely talking of White House brides and income taxes—think of the swords and battle-axes! Criticizing the President.
A postmaster in Illinois has been dismissed by the postmaster general because he criticized the President for getting married so soon after the death of his first wife but the President disapproved of the action of the department and had the man restored to his position. The President did right. While it was a show of very bad taste in an officer of the government to reflect upon the President in a matter which his own judgment should finally determine, yet the man had a right to comment upon the event, as it was a very public matter and marriage is a thing that is governed by law. The punishment that will come to the man who is so forgetful of the decencies of citizenship is the uncomfortable feeling that everybody thinks the less of him for his cruel criticism.—Ohio State Journal.

Society

A delightful reception was given Rev. P. H. Fry and Mrs. Fry, who have been returned for the fourth year to Neal Avenue M. E. church in West Newark and Dr. J. C. Arbuckle, the district superintendent, on Monday evening.

Short speeches of welcome were made by the superintendents and presidents of the various departments of the church work and Rev. Mr. Walter, pastor of the East Main Street M. E. church. Responses followed by Dr. Arbuckle and Rev. Mr. Fry. Music was furnished by the orchestra and Miss Cella Bush sang a solo number, after which dainty refreshments were served and a social hour was enjoyed.

The meeting of the Monday Talks on the club day in the Trinity Parish house proved a most interesting session. The paper written by Mrs. A. B. Crawford on "The City of Peter" was read by Mrs. Robbins Hunter, and was wonderfully descriptive of this Russian city, which has played such a prominent part in the present European war. Illustrative of the paper stereopticon were slides showing scenes in Petrograd and northern Russia. Mrs. Joseph Sprague played Paderewski's Minuet, and Mrs. James R. Fitzgibbon sang a Russian folk song. The guest list was large as each member had the privilege of inviting a guest. The meeting next week will be held in the social rooms of the First M. E. church.

Mrs. Charles Hollander was hostess to the members of the Tuesday Afternoon Bridge club entertaining at her home in Webb Place. Mrs. Hollander also entertained several guests, Mrs. J. Howard Jones, Mrs. Malcolm Baker, Mrs. Robbins Hunter, Mrs. George Upson, Mrs. Eliza Jackson, Mrs. Joseph Sprague, Mrs. Leon Weston of Withrow, Wash., and Mrs. Hughes of Newport News, Va., who is the guest of Mrs. Fred Wright. The club prizes were received by Mrs. Albert Rosebraugh and Mrs. Clarence Heseley while Mrs. Robbins Hunter received the guest trophy.

The members of the Wednesday Afternoon Bridge club are being entertained at the home of Mrs. Dowden in Hudson avenue today with Mrs. Clark Hatch as hostess.

The Daughters of Trinity will entertain with a tea on Friday afternoon at the home of Mrs. C. H. Stinson in North Second street.

Cards have been issued for a reception to be given by Mrs. James F. Irwin at her home in Wyoming street on Thursday afternoon, honoring her guests Mrs. Leon Weston of Withrow, Wash.

A meeting of the Monday Evening Bridge club was held at the home of Miss Mary Maholin in Hudson avenue on Tuesday evening. A business session was held after which the club game was enjoyed.

Cards reading as follows have been issued:

Miss Mary C. Stare announces the opening of the Maryann Gift Shop Thursday, November 18, nineteen hundred and fifteen 61 Hudson avenue Newark, Ohio.

Mrs. Harvey Cole delightfully entertained the Mystic Club on Friday afternoon at her home in Florence street. The hours were spent in sewing and a bird contest was held in which the prizes were won by Mrs. Archie Scanlon and Mrs. Eugene Smith. At a late hour delicious luncheon was served. The next meeting will be with Mrs. Harry DeWalt in Tuscarawas street on November 26.

The Royal Neighbors Sewing Circle will meet with Mrs. Horchler, 429 Park avenue on Thursday afternoon at 2 o'clock.

The following announcements have been received in Newark:

Mr. and Mrs. A. A. Marriott of 1365 Fair avenue announce the marriage of their daughter

Mabel Marie to Mr. Walter L. Birch on Tuesday, November ninth, nineteen hundred and fifteen at the parsonage of Rev. Mr. Hughes at Home After November twentieth, 2570 Glen Mawr Avenue, Columbus, Ohio.

Personal

Mrs. Henry Jones and daughter Beatrice of Tenth street, spent Sunday with Mr. and Mrs. Jenkin Jones of Granville.

Mrs. Lee R. Huff and little daughter Alice Janet of Louisville, Ky., are visiting at the home of Mrs. Huff's parents, Mr. and Mrs. C. W. Miller in Hudson avenue.

Mrs. S. A. Ryan of North Fourth street has returned from a delightful visit with friends and relatives at Columbus, O.

Miss Anna Rafferty of Columbus was in the city today and called upon her brother, James Rafferty, who is a patient at the Newark Sanitarium. He suffered a badly crushed hand last week.

Police Chief and Mrs. James S. Sheridan were visitors in Columbus this afternoon and attended the production of "Peg o' My Heart" at the Southern.

Miss Mary Sherwood Wright of Granville street, has returned from Baltimore, Md., where she has spent several weeks.

Miss Agnes Avey, who has had charge of the millinery department of a large retail store in Dallas, Texas, is visiting at the home of her mother, Mrs. Elizabeth Avey in Commodore street. Miss Avey will remain in Newark until after Thanksgiving when she will return to Dallas.

PRETTIEST MANIKIN FROM PARIS TO "SHOW OFF" WONDERFUL CREATIONS

Mile. Marcelle Le Grand.

A petite brunette, whose wonderful large dark eyes have been an inspiration for poets and artists in the gay French capital is Mile. Marcelle Le Grand, on whom has been conferred the distinction of being the "prettiest manikin in Paris." She is one of the forty-six beauties who have been selected from 500 applicants for positions as manikins in the Paris fashion fete to be given for the French Orphan Fund at New York next week.

Music

The Schumann Quintette with Carl Lampert as first violinist leader, delighted a large audience at the High School auditorium last night. It was the second number on the High School entertainment course.

This organization had played in Newark before and the leader was warmly greeted when he announced that the program for the most part would be an interpretation of romantic music as distinguished from the classic music which adheres rigorously to the expression of formality in its construction. He took the romanticism as found in the opera, and as examples the quintette selected Bizet's Carmen, Wagner's Tannhauser, and Cuodard's Faust. From each of these operas the selections taken were typical in expressing the general idea announced and most of them were familiar from a melodic standpoint, and this fact enhanced the enjoyment of the hearers.

Miss Fortune, a lyric soprano, sang two numbers and each time responded to an encore. Miss Fortune has good control over a vocal mechanism that has been fairly well trained, but on several occasions in the higher register she sang badly off the key. Her coloratura solo was sung without the least conception seemingly of any of its dramatic possibilities, which should be paramount to the proper rendition of solos of this class.

The cellist is a young man who seems to understand his instrument and with the broadening influence that will come from conscientious application may develop virtuosity, in improved technique and a more sonorous tone production. The pianist was not heard in solo, which was to be regretted, as his accompanying was of a nature to indicate that his ability was above the ordinary.

One pleasant fact about the evening's entertainment was that it began promptly at 8:15 o'clock. The management is doing the right thing by the audience by insisting upon this promptitude.

A "neutral program" will be given tonight at the Auditorium theater by the United States Marine Band, William H. Santelmann, leader; Walter F. Smith second leader.

Soloists—Arthur S. Witcomb, cornet; Robert E. Seel, flute.

Program.

1. Ambrose Charles Louis Thomas, 1811-1896 (France) Overture "Mignon."
2. Anton Gregoriewich Rubinstein, 1829-1894 (Russia) Candle Dance of the Bride of Kaschmir, from Ballet "Peramors."
3. Heinrich Hoch, 1845-1896, cornet solo, Grand Fantasia, "The Pearl of the Ocean," Mr. Witcomb.
4. Johann Strauss, 1825-1899 (Austria) waltz, "On the Beautiful Danube."
5. Ermanno Wolf-Ferrari, 1876 (Italy) prelude and intermezzo, from "The Jewels of the Madonna."
6. Richard Wilhelm Wagner, 1813-1883 (Germany) Entrance of the Gods into Walhall, from "The Ringgold."
7. Sir Edward William Elgar, 1857 (England) scene espagnole, "Sevillana."
8. William Popp, 1847-1903, flute solo, fantasia brillante, "O! Happy Time, O! Blessed Time," Mr. Seel.
9. Franz von Liszt, 1811-1896 (Hungary) Hungarian Rhapsody No. 2.
10. Arthur Tregina, 1865, grand march, "The President" (A member of the United States Marine Band.)

"The Star Spangled Banner."

The program will begin promptly at 8:15 o'clock.

The Women's Music Club will hold its regular meeting on Thursday afternoon at 3:30 o'clock in the Welsh Calvinistic church in Elmwood avenue. The study of "The Voice," under the direction of Mrs. Mary Mortley Hays, will be the topic.

of the afternoon, and Miss Bertha Fulton will have charge of the musical portion of the program and the Music Club chorus will sing.

Granville

(Special to Advocate.)

Granville, O., Nov. 17.—The Social Union of the Baptist church will enjoy a slight innovation in their monthly program this week as the afternoon tea will be omitted and only the customary business session will be held at half past 2 on Friday afternoon, November 19. The third division of the Social Union of which Mrs. Daniel Rogers is chairman will be hostess at an evening social to be held in the parlors of the church, to which everybody is cordially invited on Friday evening, November 19.

A musical treat is expected this evening in Recital Hall at 8 o'clock, when Mr. Henry Alfred Preston, tenor, will give a song recital. The program will include a group of autumn songs, a Mozart Aria, Dvořák's "Liebeslieder" and a setting to the lyrics of Tennyson's "Maud" with Mr. Eschman as accompanist. This program leaves nothing to be desired. All are invited.

There will be no conservatory recital next Wednesday owing to the Thanksgiving vacation. On Wednesday evening, December 1st, will be given a lecture-recital on "Wagner"—the second of the series.

Mr. Lowell Johnson, son of Prof. and Mrs. W. H. Johnson, has been elected by the faculty of Denison university to hold the Gilpatrick scholarship for 1915-16. Mr. Johnson is the first student elected to this scholarship—an honor highly appreciated by the friends of the recipient.

Mrs. Margaret Halderman is spending a month with her two daughters, Mrs. Edward M. Jones, whose husband is engaged in a railroad contract near Portsmouth, O., and Mrs. Charles A. Lucas of Louisville, Ky.

Mr. and Mrs. Charles Deeds accompanied by Miss Dora Lisle, and her brother, Mr. Bert Lisle, motored to Condit, O., yesterday, where Miss Lisle will remain for a fortnight. The others returned last evening.

Mr. and Mrs. J. S. Jones, who have spent the past fortnight in New York, have returned to Bryn Du—their home on the Newark road.

Miss Dorothy Swartz, the popular bride-to-be, is receiving her quota of social attentions from her young friends, in the customary pre-nuptial teas, luncheons, etc. Last evening she was honor guest of the Delta Omicron Sorority at a delightfully appointed spread given in the chapter room. Miss Swartz's sister, Mrs. Mabel Swartz Winhoff, of Fort Valley, Ga., was the out of town guest present.

Mrs. F. L. Ferguson, who was called to the home of her daughter Mrs. Harold Lamson in Toledo about two weeks ago, by the illness of her little grandson, reports that the child is better and that she expects to remain a week longer.

Mr. and Mrs. E. F. Hobart entertained with a family dinner today at their home on the Newark road in honor of their sister Mrs. J. V. Winton of Westfield, N. Y.

Mrs. Frank Robinson entertained with a charmingly appointed luncheon party Tuesday afternoon, at her home in Granger street. About forty guests enjoyed the afternoon's hospitality. A delicious four-course luncheon was served.

Miss Blanche La Ferre has gone to Huntington, W. Va., where she will visit at the home of her brother-in-law and sister, Mr. and Mrs. L. H. Cammack.

BEAUTIFUL AFTERNOON GOWN

Gray poplin is used for this youthful frock. The V shaped corsage blouse over a white lace gimpie is finished with black crocheted buttons and black panne velvet. You will observe how the side gores of the skirt, banded with velvet, are buttoned on to the yoke, which gives a front panel effect. The saucy poke bonnet which goes with this frock is of black panne velvet with a pinky red rose and its upstanding leaves.

In Milady's Boudoir

By Gwen Sears

The most celebrated nerve specialist in the world cannot restore overtaxed nerves without some material assistance from his patient. He may prescribe a regimen calculated to relieve the high tension, by building up the general health and eliminating worry, excitement and undue haste, but the sufferer herself must make an effort independent of medical aid.

Of first assistance in getting control of the wayward nerves is will power. Not a weak, anemic brand of this force, but a strong, efficient one that makes for unflinching perseverance. Many people possess will power that exercises well in some directions, especially when it concerns their own desires, but when the will operates directly upon themselves, as in the case of compelling the nerves to "behave," it relaxes and becomes more of an enemy than a friend.

Every time the will power is put into active operation and quells nervous squalls, the woman scores one in checkmating a further explosion of frenzied nerves. The monotonous grind of daily work should be broken by periods of physical exercise and mental exhilaration. Staying at home with but few outside interests dulls the brain and makes one less companionable for people who enjoy a certain amount of pleasure derived from outside sources.

Reading should be undertaken as a means of education and as a diversion, especially those articles which tend to give the reader a higher and broader viewpoint of things. A humorous story makes an excellent tonic for jangling nerves. Physical exercise, especially outdoors, should be cultivated. The other kind of relaxation, equally as important, is to take kinks from the muscles and nerves and relax as completely as possible in both brain and body.

Your Boys and Girls

It is hard to tell which is the more ingenious, the young girl of sixteen who will put up her hair so she will look twenty-five, or the young girl of twenty-five who tumbles hers down so she may look sixteen. Both so frankly have the end in view. Since Adam delved and Eve span, we have had the first eagerness for age. But it is just recently that the accumulated courage of centuries has burst forth in the second specimen.

It is quite true, though, you may see not a few girls in their twenties, with hair waving and curling, as the case may be, over their shoulders. This fashion will not endure for it is too warm and it requires too much courage. But it is pretty and, as long as the locks are curly everything is well, but no misguided damsel should attempt the thing with hair that hints of a possible Indian ancestry.

Every Day Etiquette

"A friend invited me to spend the week end at her country home recently. As I have no home to entertain in may I send her a slight gift in appreciation?" inquired Ethel.

"It is quite proper though not necessary, to send a gift after such hospitality," said her sister.

Oh, No, Not Coney Island, But Palm Beach

As You Must Look On Florida Sands.

Here's milady of Palm Beach. She will be down there by the thousand within a few months. In the mean time she is getting ready her costumes. This is one of them. Of course, it costs some money, but very few except those who have much money and time go to Palm Beach in the winter.

This dainty little confection—that's what the high-class dress-makers call it—is really modest, satin.

There will be some at Palm Beach unlike it in many ways. If you want to make this one just listen to the fashion expert:

"It is fashioned like a little girl's dress with a bloused waist, short puffed sleeves, and full gathered skirt. This suit is of gray salt water satin and has a high collar fastened with pearl buttons. The cap is trimmed with green and white striped satin."

WOMEN OF OHIO.

Women Everywhere Endorse this "Favorite"

Cambridge, Ohio.—"I used 'Favorite Prescription' and found it an ideal woman's medicine. I was run down, dragging around, with lost ambition and several bottles of this medicine and found it built me up nicely, and the permanent benefit was simply marvelous. I never have had to use it again. I give credit for my health to this sovereign remedy. I have given Doctor Pierce's Favorite Prescription to my daughter also."

Mrs. D. W. Nasser, 132 South 9th St., Cambridge, Ohio.

Thousands of women who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions to perfect health.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Doctor Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

IMPORTANT SPECIAL OFFER TO READERS OF THIS PAPER.—Any person desiring a copy of The People's Common Sense Medical Adviser before the edition is exhausted should send this notice together with three dimes or stamps to Dr. Pierce's Medical Bureau, 100 South 10th St., Buffalo, N. Y., and a copy will be sent by return mail, all charges prepaid.

SUMMIT STATION FARMERS' SCHOOL DECEMBER 13-17

Sending the agricultural college throughout the state, to reach farmers who cannot attend the Ohio State University, is accomplished through the Extension Schools, one of which will be held at Summit Station for the farmers of Licking County during the week of December 13-17.

An Extension school consists of a corps of instructors who carry with them materials, apparatus and equipment for their demonstrations, laboratory work and class-room study. They remain in one community a week, during which time instruction is given in Soil Fertility, Farm Crops, Poultry Raising, Animal Husbandry and Home Economics.

Not only is the school a boost for the community but it is an opportunity for the farmers and home makers to secure the best instruction in better farming methods. The school was granted at Summit Station because of the community work there and the desire to secure the advantages of the school. Members of the committee in charge are selling the full week ticket to those who wish to take advantage of the opportunity. The fee helps cover the expenses of the instructors during the week. A bulletin giving further information regarding the schools may be had by writing the Agricultural Extension Service, Ohio State University, Columbus, Ohio.

WORKERS WANTED FOR THE Y. W. C. A.; JOIN THE CAUSE

Won't you be a Volunteer Worker in Y. W. C. A.?

Is there any branch of Christian work, which appeals more strongly to women, to matrons and maids, than that which concerns the young girl? Is there any thing more worth while, in which a little faithful service produces such speedy and lasting results? We think not, and our urgent need is the volunteer workers who will engage in some branch of work for the love of the girl, and love of Christian service.

Of course we have a general secretary who is specially trained for Association work, and who has had wide experience in various activities of Association service, but no secretary be she ever so well trained and expert, could do the work alone, the volunteer worker is absolutely essential to success.

In a recent resume of the National work there is this note: "Thirty thousand volunteer workers, have served (1913) on boards, and committees; have taught educational, bible, and mission study classes; have led religious meetings; have been camp fire guardians and club leaders; have given entertainments and served suppers, have led outings and given factory talks and have helped in summer camps and conferences."

We have splendid service from volunteer workers now, but some way the need of such service grows and expands and is daily felt. Our visions of usefulness cannot materialize until we have more workers who feel the urge to serve. Don't you feel the call? Come to the Y. W. C. A. and choose your work. Come today.

GREAT CONGESTION OF FREIGHT ABOUT NEW YORK TERMINALS.

(ASSOCIATED PRESS TELEGRAM)
New York, Nov. 17.—Congestion of freight in and around New York continues to be so great as to cause shippers and transportation companies serious concern. It is attributed mainly to the rush of foodstuffs and war munitions for shipment to the belligerent nations. No relief is seen by railway officials. The president of one of the large eastern railroads said today that the congestion is the worst within his memory.

ANNUAL REPORT OF B. & O. SHOWS MORE EARNINGS

The Eighty-Ninth Annual Report of the Baltimore and Ohio Railroad Company was submitted at the annual meeting of the stockholders today and is being distributed to the more than 30,000 shareholders.

The report covers the operations of 4,535 miles of line with a total tonnage of 9,007 miles.

The total operating revenues were \$91,815,797, a decrease of \$7,348,212 compared with 1914. With total operating expenses at \$63,925,597 there was effected a decrease in expenses of \$10,477,880 and a resultant net revenue of \$27,890,289, an increase of \$3,129,668 over the previous year.

The report indicates that the increase in net earnings in the face of the heavy decline in gross revenues is attributable generally to the greater operating efficiency made possible by the program of betterments which has extended over a period of five years and came practically to a close with the completion during the year of the Magnolia Cut-off.

The report shows that the net income for the year after deducting interest and other charges amounted to \$19,780,881, an increase of \$1,530,856 over the preceding year. Sufficient, the report states, to pay the established 4 per cent dividend upon the preferred stock and 5 per cent upon the common stock, leaving a surplus of \$771,473.

The report further shows that four

subsidiary lines, the capital stock of which is owned by the Company, had surplus income in the additional sum of \$423,007.

Freight revenue amounted to \$76,780,808, a decrease of \$5,617,008 or 7.35 per cent.

The tons of revenue freight carried were 64,375,595, a decrease of 10.92 per cent, while the tons carried one mile were 12,976,894,074, a decrease of 7.71 per cent. The revenue tons per mile of road were 2,860,000, a decrease of 8.11 per cent.

Freight revenues constituted 77.09 per cent of the total operating revenues.

Passenger revenue amounted to \$14,059,940, a decrease of \$1,830,050 or 11.52 per cent. The total number of passengers carried was 2,581,992, a decrease of 9.52 per cent.

While the number of passengers carried one mile was 714,368,423, a decrease of 13.65 per cent. It is stated that over \$800,000 of the decrease in passenger earnings was due to the cessation of immigrant business occasioned by the disturbed conditions in Europe and that the remaining portion reflects the general depression in business during the year.

There were but slight changes in the revenues from mail and express, which were \$1,236,976 and \$1,818,452 respectively.

Other miscellaneous revenue shows a net increase of \$109,773.

The ratio of operating expenses to total revenue was 69.92, compared with 75.03 last year.

TO ASK CONGRESS FOR REVISION OF NEUTRALITY LAWS

(ASSOCIATED PRESS TELEGRAM)
Washington, Nov. 17.—Congress will be asked at its coming session to revise the federal neutrality laws. This is one of the steps decided upon by the administration to enable the department of justice to deal more effectively with offenses against the United States growing out of the war. Prosecution of such offenses under existing laws, virtually has been found impossible.

Attorney General Gregory, who discussed the subject at yesterday's cabinet meeting, announced that he would recommend to congress an amendment to the Sherman anti-trust law to make certain its application to conspiracies such as are believed to have caused recent strikes in munition plants, attempts to blow up ships and other activities designed to interfere with interstate and foreign commerce.

THE WAY TO GOOD HEALTH

By J. D. Montgomery.

What we in our more dignified moments speak of as food or food-stuff the man of the street glibly but slangily calls "the eats." We may both mean much the same but the slang term carries with it a shade of meaning foreign to that of the proper term. The term we use as "food" conveys the more scientific meaning of proper elements to nourish the tissues, while the expression "the eats" may mean something, just anything, to eat. More likely it means something pleasing to palate, whether nourishing or not. Food has been the staff of life to mankind since the world began, the "eats" has been the anticipated pleasure of man since the world was new. More sickness and diseases come by the "eats" route than over any other highway or byway of life.

Adam and Eve were plentifully supplied with the very best of the world afforded in the way of food but in time there came one into the Garden who recommended to mother Eve that there was something within reach that was more desirable than their lawful food. She developed a consuming desire to try that tree of knowledge of good and evil, and did eat, and gave to her husband with her, and he did eat, "and their eyes were opened, and they knew that they were naked," they learned that the "eats" so strongly recommended by the Adversary turned to ashes in their experience. Just as many, many persons find to day that the greatly lusted after "eats" of some famous chef carries within its recipe the hidden seeds of disease and, in time, death. This failure of our first father, by the way, would it weaken or strengthen the power of man over his appetite?

Esau and Jacob were twin sons of Isaac and Esau was the heir to the family wealth and rights, the birthright, as it was called. Esau did not do very well with his occupation of sheep raiser and at times he found himself in want for food. He often came in from herding, or from hunting in the hills, hungry and famished for food. One day, tired and faint from lack of food, he wandered in to where his brother Jacob was cooking some "red lentils," the odor of which no doubt caused him to lose sight of everything but some thing to eat. Jacob took advantage of the situation to drive a keen bargain with his own flesh and blood.

"Sell me now the birthright," said Jacob. Esau said, I am faint and ready to die; of what value is the birthright to me? And he sold his rights to the family leadership "for one mess of pottage." The "eats" in this case was lawful food but the blind lust for it was not lawful. Esau "displaced" everything good and right when it interfered, as he thought, with the chance to obtain something to eat. This is noted here "lest there be any other profane person as Esau who for one

morsel of food sold his birthright. For you know that afterwards (and there is always an afterwards attached to the "eats") when he would have inherited the blessing, he was rejected for he found no place for repentance though he sought it carefully with tears." Heb. 12.16-17.

Repentance does not always remove the effects of physical transgression, there are some things that cannot be successfully repented of. The experience of the children of Israel during their sojourn in the promised land serve to teach us some valuable lessons about the difference between lawful food and "eats." The Divine Father adopted this people and took them with a high hand and led them up out of the land of their bondage and planned to care for their sustenance in a way the sons of men never experienced before, not even in Eden. He meant to supply them with the "bread from heaven," "angel's food," the "bread of the mighty" ones on high. This was food such as this earth had never seen before, the food that sustains the mighty beings which "do His will, hearkening to the Voice of His word" in the realms of the high God. However, "the mixt multitude that was among them fell austing and wept saying, who shall give us flesh to eat?" This was not the call of hunger for food to nourish the body but was the desire for "the eats" they had used in Egypt. God always pities the cry of the hungry among the children of men; but He does not condone the cry for something to minister to a perverted appetite. These ancient gluttons weeping in their tents for "the flesh pots of Egypt" were destroyed for their worship of the appetite. "Now these things were for our example, to the intent that we should not lust after evil things ("the eats") as they also lusted" and were destroyed of the destroyer, "1 Cor. 10:6-10.

cheaply and easily made of a bandana handkerchief of the kind you can get for 5 cents. Cut off diagonally

two small corners. Now fold the remainder of the handkerchief through

the center, on the diagonal again, and

cut on this fold. Join the ends of this piece so that it will just fit the

arm. Of the smaller corners make

little pointed cuffs that turn back over the sleeve protectors. The point of the

protector may be fastened to the sleeve with a small safety pin or with a cuff

pin. If one wishes these sleeve protectors to be more elegant they may

be made of white linen and embroidered.

To make the protection gift more

complete a cap and an apron may be

added. These will require three more

handkerchiefs, two for the apron and

one for the cap. To make the cap

double together one side of the handkerchief and join the edges by sewing

them overhand. Each side of this seam make two box plaits, each an

inch and a half broad. Turn back the corners six inches on the outside and

tack to the crown the point made by the overhanded seam.

To make the apron cut from one

handkerchief a corner twelve inches

deep. Hem the diagonal edge of this corner and baste it to the opposite

corner from when it is cut off. This makes the pocket for the apron. From

the second handkerchief cut a square out of the center until there is a border

left only five inches wide. Cut through one corner and stretch this

handkerchief so that it will form a sort of fitted ruffle. This is then basted

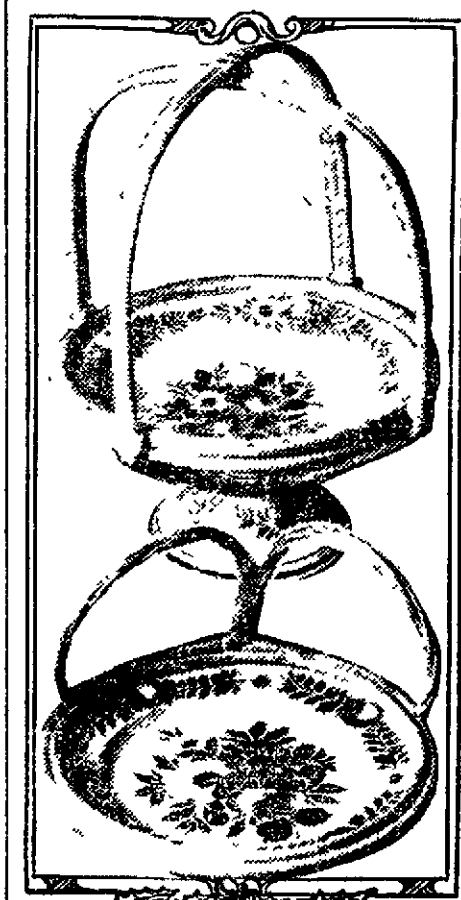

around the outer edges of the first handkerchief. The edge of the first

handkerchief left by the cut off corner is gathered into a band or ribbon.

Y. W. C. A. to Celebrate Its Fiftieth Jubilee

Soon the Y. W. C. A. will celebrate its 50th birthday—its jubilee. Many good things came out of Boston and the Y. W. C. A. which had its origin there—is one of them. As time went on another organization having practically the same aim and purpose, developed also into a great spiritual force in another part of the land.

It was not, however, until 1906, that the two bodies of women doing much the same kind of work came together and formed the National Young Women's Christian Association which elected a National Board of 30 resident members to carry on its work between conventions.

This organization was effected by Miss Grace Hoadley Dodge who was for 3 years the beloved president of the National Board. The close of this year was darkened by her death. It was thought her consecrated and statesman-like service to the Association had become in these eight years "one of the most remarkable religio-civic movements in the history of Christendom."

Plans are already maturing and the offices of the National building, are literally humming with activities relating to the "jubilee" which will be celebrated in February of 1916.

The Industrial Club Girls Council of Ohio and West Virginia was held at Summerland Beach July 2 to 10. The enrollment reached three hundred and fifty—more than double the registration of a year ago. Several girls from the Industrial clubs of Newark attended and came home full of enthusiasm, and are working out now in our own clubs the many helpful suggestions received.

The work of the five commissions which composed this Council will be of no small significance to that great body of women in our land who are keenly alive to conditions among women and girls, and whose heart interest has made them as eager to catch the trend of the forward movement among women as is the Indian listening with ear to the ground to catch the first whisper of sound which denotes the coming of the still invisible friend or foe.

In each of the commission rooms at Summerland Beach there were gathered every morning some sixty or seventy girls, fresh from the swim or walk which had preceded the early breakfast, ready for the work of the day. Each girl knew in advance the commission to which she was assigned and went prepared to discuss the problems of her group. Self was forgotten in the bigness of the idea. Timid girls learned to think on their feet and to express themselves in a way that carried conviction.

The recommendations of the commission on business and records and that on membership will make uniform throughout the field the names and duties of club and federation committee, the method of handling club funds, and the keeping of records.

The Social Service, Educational and Inspirational commissions showed their practical thinking in a detailed presentation of ideas attainable with reasonable effort. Joy shall we live physically, mentally and spiritually in order to be the best we can for home, business and community?

During the conference a Peace Pageant was given by girls from all parts of the field. As the pageant opened, an orchestra announced the entrance of the God of War in Armor, accompanied by Primitive Man.

Brute Force and Death, in whose wake were Want, Sickness, Sorrow, Tyranny and Distress. These latter were typified by a very poor peasant family, bent and suffering. Then came a group of Red Cross nurses behind a litter, on which a wounded soldier was borne. A cannon on wheels followed the standard, "Die for Your Country." Then from her parchment roll a devotee of war read of the progress of many years which, since last August, has been mowed down by the war; of the work of years which the builders have seen shattered before their eyes; of the tyrannies of which we have been hearing. Finally, in the presence of all these forces of evil, came one singing Kipling's great recession, "Let Us Forget."

Close upon this song came heralds announcing the Goddess of Peace. Clad in snowy white and bearing upon her shoulder the great peace emblem, a dove, she was accompanied by her children, life, arbitration, justice, progress and the industrial, intellectual and social phases of progress. They all marched to the strain of Taubman's "Pilgrims' Chorus," and in their number were to be seen students of America, Japan, Greece, Roumania and Holland; a bride and groom with their minister, a group of merry May-pole dancers; farmers and their wives and daughters and happy children. The entire pageant gathered in a group around the Goddess of Peace while she sang. Then slowly and with dignity the recession began to the stately hymn "Father of Lights."

The sentiment expressed by many members of the conference gives warrant for satisfaction in the thought that three hundred and fifty girls, representing many industries of a great industrial country, have registered themselves on the side of Peace.

Unlike the brand burned into the hides of cattle, sheep brands are painted on the wool with tar or a like substance. Western ranchers are experiencing great difficulty because so many brand markets are effaced by rain. The average sheep doesn't care enough who does the killing to be much interested.

When your growing daughter's appetite becomes fickle and she shows a desire for salty, starchy or chalky articles look after the condition of her blood.

If she is pale and languid, nervous, without ambition and irritable her blood is unable to meet the demands made upon it.

Dr. Williams' Pink Pills are a specific remedy for the form of anemia, or lack of blood that afflicts growing girls and proper treatment with these pills will not only correct the trouble but prevent it from progressing into a worse form.

During her teens a girl lays the foundation for her future health. Lack of blood at this time may rob her of robust, healthy womanhood. It is of the greatest importance to administer to girls who grow pale and weak, a safe, non-alcoholic tonic and Dr. Williams' Pink Pills meet every requirement of the most careful mother.

Dr. Williams' Pink Pills make the blood rich and red and it carries renewed health and strength to every part of the body. These pills are recommended wherever a tonic is needed.

Your own druggist sells Dr. Williams' Pink Pills. Send today to the Dr. Williams' Medicine Co., Schenectady, N. Y., or the book, "Building Up the Blood," it is free.

CLEVELAND ELECTS ARMLESS MAN JUDGE

Judge Moylan using telephone and penning legal document.

David Moylan has an indomitable will. Eighteen years ago a railroad switchman, today he is a councilman, practicing attorney and municipal judge of Cleveland, Ohio. In the late nineties an accident deprived him of his right arm. Not to be discouraged he was soon back at the same old stand. Seven years later another accident cost him his left arm. It was then that Moylan turned his attention to law and worked with all his might and brain until he mastered the subject. At the law examination he answered the questions with the pen between his teeth. After practicing a while he was four years ago elected to the city council, which office he has since held. In the recent election he ran for municipal judge and was elected by a good plurality.

Pathe

As France has given us the first and last word in photography, so also has she produced the best instrument known for the reproduction of sound—the

PATHE PATHEPHONE

It is noted for its superior tone quality. It has no needles to change.

Its round, polished sapphire never wears out. It has 96,000 records from every musical center in the world.

The double-disc records cost from 75c to \$2.50. They cannot be scratched or worn out by the PATHE SAPPHIRE STYLUS.

It has a sound chamber of wood which gives a beautiful, resonant tone. (This is the principle upon which violins are made.

Imagine trying to produce musical sounds on a metal violin!)

The PATHEPHONE plays all makes of disc records.

You are cordially invited to hear a demonstration of this wonderful instrument at Miss Spencer's Shop.

Interesting things for Christmas are now on sale, many of them "one of a kind."

HAVE YOU A CHILD?

Many women long for children, but because of some curable physical derangement are deprived of this greatest of all happiness.

The women whose names follow were restored to normal health by Lydia E. Pinkham's Vegetable Compound. Write and ask them about it.

"I took your Compound and have a fine, strong baby." — Mrs. JOHN MITCHELL, Massena, N. Y.

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine for expectant mothers." — Mrs. A. M. MYERS, Gordonville, Mo.

"I highly recommend Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me." — Mrs. E. M. DORR, R. R. 1, Conshohocken, Pa.

"I took Lydia E. Pinkham's Vegetable Compound to build up my system and have the dearest baby girl in the world." — Mrs. MOSE BLAKELEY, Coalport, Pa.

"I praise the Compound whenever I have a chance. It did so much for me before my little girl was born." — Mrs. E. W. SANDERS, Rowlesburg, W. Va.

"I took your Compound before baby was born and feel I owe my life to it." — Mrs. WINNIE TULLIS, Winter Haven, Florida.

EAT LESS MEAT

IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority. Because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water-drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known Local Druggist Says Everybody is Using Old Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies! Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

FEAR AMERICAN ARTISTS WERE LOST ON THE STEAMER ANCONA

Left to right: Eugene Savage, Ezra Winter and Mrs. Winter.

Ezra Winter of the Chicago Academy of Fine Arts, and winner of the Prix de Rome in 1911, is feared to have been lost on the Italian liner Ancona, with his wife, Mrs. Vera Beaudette Winter, and their three-year-old daughter, Renata. A similar fate, it is feared, has overtaken Eugene Savage, of Bloomington, Ill., winner of the Prix de Rome in 1912, who planned to return to America on the Ancona.

RELIGIOUS WORK OF Y. W. C. A.

Mrs. Fred C. Evans is the chairman of the Religious Committee of the Y. W. C. A. Being a great lover of girls, and a conscientious worker for the "Kingdom on Earth," Mrs. Evans has won the confidence of many girls whom she has inspired to high Christian endeavor, and is greatly beloved by them. Mrs. Evans submits the following report:

The devotional work is the key to the successful Y. W. C. A. Upon the spiritual life of the organization de-

and her needs in this and other countries. There will be devotional meetings held at the different factories during this week.

There is a devotional meeting one Sunday each month with a social hour following.

Each evening, Mrs. Pierce, our house mother, or one of our secretaries, holds vesper services in the parlors of the Y. W. C. A. The house girls attending, any outside girls being welcome at these daily meetings.

Last spring this committee gave a foreign missionary pageant, showing the needs of workers in other countries. Not only as an inspiration to help others were we benefited, but a spirit of good fellowship was created, and incidentally we made \$34, the money going into a fund to help unemployed working girls in Newark.

We have a score of girls now working for the Helen Gould Bibles. Each girl is required to memorize a certain number of Bible verses. Then she is presented with a beautiful teachers' Bible by Helen Gould Sheppard, who is a director of the National Board of the Y. W. C. A. The field of the devotional committee is unlimited and we are gradually gaining experience in our climb to the hill top where we will get a greater vision, where we can live nearer God, so by our lives we may show to our girls that the real happiness comes from within, that this daily hungering for pleasure and happiness will only be satisfied as they let God into their hearts, then they will know the real joy and peace.

MRS. FRED C. EVANS.

needs its success or its failure. While the financial end is most important, we think as a devotional committee that if we can get the spiritual life right then all the rest will be added.

We realize that, in the coming campaign for funds, that we as an association must show that we are indeed making better women, then we, as Christian women and girls, can ask for help financially, and if it is done in the name of Jesus who said, "Ask and ye shall receive." Soon we will have what is necessary for greater things among our girls of this city.

The I. V. Bible class, with Mrs. J. B. Jones as teacher, met all last year, on Tuesday evening of each week. The study being "Ancient Women of Israel." This year the class is studying "The Parables of Jesus" and "Christ in Art," the average attending last year being 29. This year there is an increase in the attendance.

Another class, meeting on Saturday evening of each week, will study the "Bible as a Book," using the course of study prepared by C. I. Scofield, D. D. The Scofield Bible study course as now used by the Moody Bible Institute, the aim being to gain a greater familiarity with the Bible, therefore a greater love for it.

The International Y. W. C. A. week of prayer is being observed again this year. It began Sunday, Nov. 14, with a rally day of our India Club, which was organized last year, under the leadership of Miss Alice Shields, who was born and who lived in India, and who has been a Y. W. C. A. worker in that country.

We pledged \$60 or 20 days support to a Y. W. C. A. worker there. This money was raised by individual and club pledges, with the thought to stimulate in the girls the desire to help others, knowing that as we give so we receive. Running water is never stagnant.

ONCE \$5 A WEEK BOY BUYS MILLIONS IN STOCK OF CAMBRIA

J. Leonard Replogle.

J. Leonard Replogle, the man who last week paid \$15,000,000 for 240,000 shares of the Cambria Steel Company, entered the employ of that concern 27 years ago as water boy at \$5 a week. From water boy he rose in succession to clerk, shipper, assistant superintendent, assistant general manager, assistant to the president and on Sept. 26, 1913, he was elected vice president. He resigned March 1 last to enter the fight which he completely won by his purchase of the 240,000 shares of stock.

LESS THAN HALF COUNTRY PEOPLE GOING TO CHURCH

Columbus, Nov. 17.—Less than 40 per cent of the rural population of Ohio belong to churches. The average pay of hundreds of country preachers in this state is less than \$600 a year. Most live distant from their churches and can not afford to keep a horse and four country preachers live 100 miles from their congregations. One quarter of the townships in Ohio have no resident ministers, yet the average number of churches in each of these townships is four.

These are the most striking discoveries of the survey made in the state during the last few years by the Ohio Rural Life Association and Rev. Warren H. Wilson of New York for the Presbyterian church. They were made public today by Charles O. Gill, executive officer. On the survey the association expects to base recommendations which may eventually go far toward erasing denominational lines and establishing fever but stronger rural churches.

Further facts brought out by the survey, in which thousands of farmers and churchmen have helped, are these: There is one country church to each 286 persons living in rural districts of Ohio, but only one minister to every 800 such persons. Eighty-three per cent of all rural churches have a membership of less than 100. Most of these are declining yearly, and this is particularly true in districts where farming is poor. Most flourishing country churches are those which lay emphasis on community service rather than on sectarian lines. "The country church in Ohio has been found to be too small in size, too narrow in its interests, and too limited in the interests it promotes."

Remedies for such conditions in all states will be formulated at the national conference of the Commission on Church and Rural Life to be held in Columbus, Dec. 8, 9, and 10, simultaneous with the meeting of the Federal Council of Churches. President Wilson will be the principal commissioner and president of the December 10. Other prominent men on the program, which was announced today, are Dr. Shailer Mathews of the University of Chicago; Gifford Pinchot, chairman of the commission and president of the National Conservation Association; Rev. Warren H. Wilson, New York; Rev. Washington Gladden, Columbus; President W. O. Thompson of Ohio State University; President S. K. Mosiman of Bluffton college, Ohio; Bishop G. M. Mathews, Dayton; Bishop William F. Anderson, Cincinnati; Prof. C. G. A. Tressler, Springfield; Prof. G. W. Fiske, Oberlin. Other branches of the Federal Council of Churches will have business sessions on the convention dates.

The machines turned out by a large typewriter manufactory are tested by an automatic electrical machine which does the work much faster than human hands.

AFTER 50 YEARS AN OLD SOLDIER SECURES PENSION

The 50-year effort of John R. Ellis to secure a pension has finally succeeded. Mr. Ellis who is the father-in-law of John Miller the well known butcher of the city, has just been granted a pension of \$18 a month through the efforts of Congressman William A. Ashbrook. Owing to an error in the record of his discharge from military service at the close of the civil war every previous effort to obtain a pension for Mr. Ellis failed though numerous 17th district congressmen introduced special bills in his behalf in the past 50 years. Mr. Ashbrook through his efficient secretary, Ernest Cornell, had the record corrected and then was able to obtain the pension which for a half century had been denied.

PRESIDENT WON'T LET POSTMASTER OUST HIS CRITIC

Pyorrhea—the disease nearly everybody has

No matter how sound your teeth may seem to be, no matter how you may scoff at the idea of your having this disease, it is a positive fact that the germ which causes it is working now in your teeth.

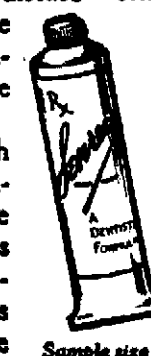

The appalling discovery of this fact—that the germ which causes pyorrhea is one which inhabits every human mouth—was made over a year ago. Since then dentists have been urging everyone to take special precautions in their daily toilet to prevent this disease from developing in its acute form of bleeding gums, tenderness in chewing and loose teeth.

To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the

public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesome clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sentinel Remedies Co., 505 Union Central Bldg., Cincinnati, Ohio.

Ice On Lake.
Duck hunters at Buckeye Lake yesterday were handicapped with the ice which had formed during the night in the still waters, especially along the cranberry marsh. Many of the sportsmen were on the lake before daylight and quite a few good bags of game brought in.

Had Good Luck.
Charles Schaller spent several hours at Buckeye Lake yesterday and had excellent success in hunting wild duck, bringing in a bag of fourteen, most Mallards. Mr. Schaller is one of the city's crack shots and never returns empty-handed. Toothsome wild duck will grace the Schaller dining table for several days to come.

Loses One Finger.
Mr. Ira Wolfe, lineman, who had the back of the neck burned to the vertebrae and had his hand burned by contact with a high tension wire, is getting along satisfactorily at the Newark Sanitarium. The hand was so badly burned that it was necessary to remove one of the fingers of the hand and a part of the thumb on Wednesday.

Whatsoever Circle Meeting.
The Whatsoever Circle of The King's Daughters will meet with Mrs. Stewart at the home of Mrs. Randolph, 261 West Church street on Thursday evening.

Meeting of Library Association.
There will be a meeting of the Library Association on Thursday afternoon at 3:30 o'clock at Taylor Hall. All those interested are requested to attend.

Meeting With Success.
Will D. Harris, formerly of this city and manager and lessee of Buckeye Lake Park, is meeting with great success in Columbus in the management of his latest acquisition, the Empress theatre. Mr. Harris is playing high class vaudeville book-

ing through one of the big eastern agencies. He has associated with him Mr. Bernard Smith of this city, who is acting in the capacity of treasurer and assistant business manager.

Hospital Managers Meet.
The Board of Managers of the City hospital will hold its regular bi-monthly meeting at the home of Mrs. W. H. Davis in Hudson avenue, Thursday night at 7 o'clock sharp.

Change Halls.

EAGLES ARE TO GIVE MINSTREL AT AUDITORIUM

Will Be Held Monday and Tuesday, Dec. 6 and 7.—Direction of Geo. "Pop" Sank, of Columbus.

The Aerie of Local Eagles in this city will stage a minstrel at the Auditorium theatre in this city on Monday and Tuesday evenings, Dec. 6 and 7. It will be under the personal direction of George "Pop" Sank, of Columbus, well known in this city, as a comedian of more than ordinary ability.

The minstrel will be up to date in every respect consisting of an elaborate first part and an olio of specialties new to Newark audiences. "Pop" Sank will be assisted by his nephew, Steve Berrian, who is said to be one of the best comedians on the American stage.

Local talent will participate, the members of the cast including many well known Eagles and amateurs of previous experience in minstrelsy. Rehearsals will begin next Sunday and will take place in the old masonic room in West Main street.

The minstrel will be under the direction of the Concession committee who has charge of all attractions for the benefit of the state convention fund, the Eagles holding their state convention in this city next summer. Fred C. Boyer is chairman of the committee and Leo Besancency, secretary.

LIST RECEIVED OF SURVIVORS LINER ANCONA

(ASSOCIATED PRESS TELEGRAM)
Washington, Nov. 17.—An official communication from Austria-Hungary, forwarded to Secretary Lansing today by American Ambassador Penfield denies categorically that any shots were fired at the Italian liner Ancona, after she came to a stop, or that the Austrian submarine which torpedoed her, shelled her lifeboats as has been charged.

(ASSOCIATED PRESS TELEGRAM)
New York, Nov. 17.—A partial list, giving 103 names of survivors of the Italian steamer Ancona, which was sunk in the Mediterranean last week was received today by the line's local agents, Harfield, Solari and company. Today's message is the first communication regarding survivors received by the local agents from the home office at Naples, despite the numerous cable messages of inquiry sent by Harfield, Solari and company. The latest figures received in New York placed the number of saved at 293 out of 507 passengers and crew aboard the vessel.

SETTLEMENT

OF CASE ANNOUNCED WHILE JURY WAS BEING DRAWN TO TRY IT.

Each Side Pays Its Own Costs in Case Coming From Utica—Court News.

In common pleas court on Wednesday morning the court was engaged in selecting a jury for the trial of the case of Edward W. Allen vs. Fred S. Sperry. The controversy grows out of the levy of an execution upon certain groceries in Utica. It is claimed on the one hand that the groceries were the property of Edward W. Allen. On the other hand it is claimed that they were the property of B. J. Smith. At one o'clock a judgment of settlement was entered, each party to pay his own costs.

Anton Eisenberger vs. Anna Reinhardt, et al. sale confirmed and deed and partial distribution ordered.

James Thompson vs. August Paul: Judgment of dismissal for failure to give security for costs, plaintiff being a non-resident of the county.

WHITE DENIES
PLANT'S SALE TO
MORGAN & CO.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Nov. 17.—(Rumors in local financial circles today were still rife that a deal is pending for the sale of the White Automobile Co. here, to the J. P. Morgan interests in New York. President Windsor T. White, of the company, when asked about these reports today said:
"As far as anything I have seen printed on the subject is concerned, the statements are so ridiculous that I have not deemed them worthy of denial."

Further than that he declined to be quoted on any phase of the question.

The sturdiness of Andalusian horses is attributed to the fact that they feed on a species of wild clover which grows only in the Spanish province of Cadiz.

Had Lung Trouble
and Expected to Die

The many recoveries brought about by Eckman's Alternative are attracting wide attention. Read about this case—

"I was taken sick in November, 1908. I grew steadily worse. Had two consultations. The verdict was the fever had affected my lungs and that my case was hopeless only gave me two months to live. My physician had tried most all kinds of treatment and none did me any good, so he asked my husband if he objected to my trying a proprietary medicine. I began your Alternative. I was in bed from November 30, 1908, until February 25, 1909, and was thought dying several times. Today I am healthier and stronger than ever." (Abbreviated for recovery.)

WEALTHY VIRGINIA COUPLE DEAD IN HOTEL

Harry C. Ruppert

Mrs. Harry C. Ruppert

Harry C. Ruppert shot his beautiful young wife to death in a New York hotel the other day after they had a quarrel for several hours. The Rupperts were a very well-known family of Richmond, and the husband had made considerable money in the real estate business. She had long been jealous of him and that had caused him to sell out with the purpose of moving to California. They were in New York on their way there, and had another quarrel.

PURITY

Mr. and Mrs. Harvey Colville, accompanied by the latter's parents, Mr. and Mrs. John Hughes, motored to Centerburg, Saturday where they attended the funeral of Mrs. Hughes' aunt, Mrs. Mary Foster, an aged lady of that place. The deceased was formerly Miss Mary Baker of this place and is well remembered by some of the older residents here.

There will be a box social at Folkstalk school house, Friday night, Nov. 19. Ladies, bring boxes. Everybody invited.

On Friday, Nov. 12 at the home of the bride's father, Rev. Mr. Marietta, in Dayton, Miss Mabel Marietta was united in marriage to Mr. Harry Hunt. The bride is a trained nurse and the groom, a young farmer, is a son of John Hunt, near

this place. Mr. and Mrs. Hunt will reside on a farm near Utica, the property of his aunt, Mrs. Eugene Harris, with whom he has lived for several years.

Miss Edith Oldaker and Mr. Harry Wilkin were Sunday guests at the home of the former's uncle, Burr Edman, near Utica.

Rev. Mr. Nuzum filled his regular appointment at Eden, Sunday morning and evening.

Miss Indus Oldaker was a guest of Misses Gladys and Sarah Hamilton Sunday.

Miss Marie Colville spent Saturday night at the home of her grandfather, Mr. Hugh Elliott.

Mr. and Mrs. Calvin McClelland started Saturday on an extended trip through the west and southwestern part of the country, including a visit to the exhibitions at San Francisco and San Diego. They expect to be gone about a month.

SCHOOLS

WILL BE DISMISSED WEDNESDAY
NOV. 24, DAY BEFORE
THANKSGIVING.

Superintendent Hawkins Submits His
Report to Board of Education
Tuesday Night.

A meeting of the school board was held last evening at which time considerable business was transacted, which included the allowing of a large batch of bills, authorizing the officers of the board to borrow \$5,000 to meet contingent expenses, an excellent report by Superintendent Wilson, Hawkins, and an agreement to dismiss the schools on Wednesday afternoon before Thanksgiving for the balance of the week.

The board was called to order promptly at 7 o'clock by President W. C. Christian, with Messrs. James K. Dewey, William E. Miller, S. W. Haight and Dr. W. C. Rank present. After the minutes of the last meeting had been read and approved the following bills were allowed and ordered paid:

Newark Natural Gas and Fuel Co., gas for October, \$71.68; Hugh Ellis, groceries, \$19.93; Evans Supply Co., \$1.95; Ernest T. Johnson, insurance, \$65; Adams Express Co., \$2 cents; Rand-McNally, \$27.28; No-Dust Manufacturing Co., two barrels No-Dust, \$10; W. E. Painter, manual training supplies, \$229.46; C. E. Holcomb Co., push valves, \$2.25; H. C. Bostwick, five clocks, \$16; T. M. Edmiston, window shades, \$6.15; Dobson, Evans Co., supplies, \$14.40; Remington Typewriter Co., 8 dozen ribbons \$35; W. V. Jordan, typewriter supplies, \$8.95; Chas. V. Foster, plumbing, \$5.60; Underwood Typewriter Co., \$20; American-Tribune, grade cards, \$5; Steward Bros. & Alward, bookcase, \$10.00; Pahn Vacuum Co. 50 feet of hose, \$21; George Vogelmeier, hauling, \$10; E. Marsh, restringing and repairing piano, \$15.50; J. C. Jones, hardware, \$2.47; Chalybeate Water Co., \$1.60; Crane-Bliss Hardware Co., hardware, \$7.58; Newark Electric Co., \$3.57; Norris & Webb, hardware, \$2.20; John J. Carroll, \$9.18; P. Smith Lumber Co., \$21.67; Elliott Hardware Co., \$5.50; T. F. Anderson, carpenter work, \$35.55; Leist & Kingery, \$27.81; T. M. Edmiston, \$28.79; R. F. Collins, alcohol, \$1; Advocate Printing Co., printing, supplies and copies of course of study, \$121.98; Licking Laundry, \$1.43; Charles F. Schaus, groceries, \$11.06; Norris & Winger, insurance, \$52; J. R. Warner, insurance, \$70.82; Joseph Renz, insurance, \$22.75.

A communication was read from the Teachers' Lawn Improvement committee, thanking the board for assistance rendered in placing a curb along the high school lawn. They reported also that they had a number of improvements in contemplation for the near future.

A communication was read from the Newark Trades Assembly objecting to any plumbing being done by the school house janitors. No one was aware of any that had been done and the communication was laid on the table.

The officers, teachers and janitors pay roll for the present month was allowed.

The president and clerk of the board were authorized to borrow the sum of \$5,000 to meet contingent expenses.

Supt. Hawkins next presented his report to the board as follows:

To the Board of Education: It has been customary for the board to make an appropriation each year for supplementary reading matter. Last year the appropriation was \$250.00. I recommend that the board appropriate \$200 for this year's material. We now have on hand a very good supply of supplementary readers, but they are wearing out all the time and this amount will just about keep up the supply.

About twenty-five Newark teachers attended the Central Ohio Teachers' Association in Dayton last week. Most of these were high school teachers. It was necessary to dismiss the high school on Friday of last week, but all grade schools were in session. Several high school teachers who did not go to Dayton, substituted for grade teachers and pupils of the Hartzler school recently purchased a piano for that building. The money was raised by various entertainments and social affairs held within the past years. The teachers and pupils of Conrad school had a social on November 5th and cleared \$82.15. This amount will be expended for something which will be of benefit to this building. In this same connection, I wish to call the board's attention to the interest that is being manifested by certain high school teachers and pupils in the improvement of the High school lawn. Miss MacDonald and Miss Larson have made a special interest in this matter together with the pupils of their session rooms and the hedge and other shrubbery recently planted has been provided by them. They expect to do much more in this connection and appreciate the co-operation of the board of education in providing the curb which you did during the vacation.

A Thanksgiving collection for poor children is being taken this week and next week in all school rooms of the city. Last year the amount secured was \$167.25. We expect as much or more this year. This money is turned over to the Trust Officer, who spends every cent of it

in aiding indigent children. This plan has a two-fold value. It not only gives children a lesson in charity but also enables many children to attend the schools regularly who would be absent for the want of shoes or clothing. It is also planned to hold suitable Thanksgiving exercises in all school rooms on Wednesday afternoon prior to Thanksgiving. We are expecting a large number of visitors at these exercises. Our slogan is "A visitor for every child in every school."

I desire the board to know that twenty or more Newark teachers are doing special work one evening each week in connection with Ohio University. This extension course is conducted by Prof. Wagner, who meets the teachers every Monday evening. This work is wholly voluntary on the part of teachers and will count towards the completion of a normal course.

We are having many visitors from other towns and cities in the Newark schools this week. On last Friday a large number of Columbus teachers visited Newark schools and we have also been honored with visits by the superintendents of schools from several Ohio towns and cities.

Between this and the holiday vacation, I expect to conduct a number of teachers' meetings on a different scale from anything that I have tried in the past. It is my plan to take charge of a school at various times and allow the teachers of that grade to come together and observe the teaching which I shall do. I am not doing this because I can give a better demonstration than many of our teachers could but because I feel that a concrete demonstration may be more effective than a technical discussion of the teaching process. I also feel that I ought to be able to demonstrate the plans which I have been necessary to have a man from the Johnson Service System adjust the heating regulation in the high school building. This man spent a day in the building and now the plant is doing much better. As a matter of economy, I suggest that the board purchase drinking fountain with automatic stops to be placed on these fountains that now have a continuous flow. We have such fountains in the high school, Central school and East Main street school. They will pay for themselves in one month's time.

Prof. W. E. Painter addressed the board and requested that 5,000 feet of chestnut lumber be purchased for use in the manual training department. His request was granted. The board next acted favorably upon all of Superintendent Hawkins' suggestions and after Supt. of Supplies Frank Handel had made his report the board adjourned.

Eat a Square Meal and Not Fear Indigestion

There are hundreds of people in Newark who were not the least bit surprised when they read in the "Advocate" that T. J. Evans is selling Mi-o-na on a guarantee to refund the money in case it did not relieve. This remarkable case of indigestion will relieve the worst case of indigestion, headache, dizziness, or the general played-out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it aims to cure.

T. J. Evans can tell you of many well known people in this city who this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that T. J. Evans stands ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds in Newark today praising Mi-o-na because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na, they eat what they want and when they want with no fear of suffering. This medicine comes in the form of a small tablet and is very pleasant to take. It speedily and permanently relieves almost all forms of stomach trouble and is the only one sold each without a guarantee without any restriction, to refund the money if it does not relieve. This is a good time to get well and you ought to take advantage of T. J. Evans' offer.

SOUTH MADISON

There will be preaching at Madison Chapel Sunday, Nov. 21, at 3 o'clock, standard time, by the Rev. Harper, pastor. All are welcome.

At Madison Chapel Wednesday evening, Nov. 24, there will be a Thanksgiving service, also a pie social, for the benefit of the church. Come, help a good cause, and have a good time. Ladies bring pie, gentlemen buy.

The following ladies from Newark enjoyed an outing last Tuesday at Sunny Side: Mrs. Mollie Bohr, Mrs. Candace Legg, Mrs. Belle Holman and Miss Orpha Seward, the latter two remaining until Wednesday afternoon.

Mrs. D. A. Diggins and Mrs. L. O. Wintermute spent Thursday at the home of Mrs. John McDowell.

Mr. A. J. Sherman is nursing a very sore hand, having had the first finger taken off and the next two badly mashed when a barrel of cider he was helping unload slipped.

Mr. W. J. Holman of Newark, has been off duty several days from the B. & O. shops on account of a badly mashed thumb. He spent several days with his sister here, Virgil Parrill and grandmother, attended the dedication of the Mt. Herman church in McKean township last Sunday.
